Bruning Seeks License Revocation for Abortion Clinic Nurse

LINCOLN - Attorney General Jon Bruning today announced his office filed a petition for discipline with the Nebraska Board of Nursing regarding Lindsey Creekmore. Creekmore is employed with Dr. Leroy Carhart's Bellevue Health and Emergency Clinic. A disciplinary hearing is scheduled to begin August 5, 2013.

"Clinic records show a significant pattern of substandard care practices that, in any surgical center, would endanger the health and safety of the public," said Bruning. "We are seeking license revocation."

A copy of the filed petition can be found at www.ago.ne.gov.
