SUBJECT: State Licensure Survey Findings for Above-Referenced Agency

Dear Danielle Terry:

A post annual follow up survey was conducted on February 20, 2015 at Planned Parenthood of Mid-Michigan located at 3100 Professional Drive, Ann Arbor, MI 48104.

Participants included:

- Elizabeth Martindale, Senior Health Center Manager, Planned Parenthood of Mid-Michigan
- Pam Lindsey RN, State Health Care Surveyor, MDLARA

After verification of corrections related to containment of patient personal belongings, and changes in the instrument reprocessing area, R325.3825, the facility was found in compliance with state licensing rules.

In addition it was noted the facility had just received wireless doorbells to be installed to meet the emergency call system requirement for the recovery room bathroom and in the patient cubicles, R325.3825. Verification of installation will occur during the facility's next state survey.

Based on survey findings, it was determined that the facility is in compliance with MCL333.20801 through 333.20821 and/or the Michigan Administrative Rules for freestanding surgical outpatient facilities R325.3801 through R325.3877.

A handwritten signature in cursive script that reads "Pam Lindsey".
