## We're Moving

Planned Parenthood of Metropolitan Washington (PPMW) has outgrown its D.C. location at 16th and L St. NW, where we operated for more than 40 years. We are close to completing our new, state-of-the-art flagship health center in Northeast D.C., which is slated to open spring, 2016.

In the meantime, PPMW has *expanded hours and added appointments* at our other health centers in Silver Spring and Gaithersburg. We also just opened a brand new health center in Prince George's County, Maryland and a temporary D.C. location at Bread for the City.

We look forward to seeing you!
