**Meet the Team**

*Your caring, compassionate Ob/Gyn physician*

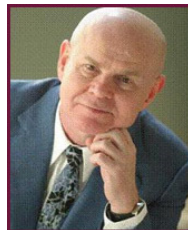

Gynecology has come a long way in recent years, giving doctors and patients new and better alternatives to hysterectomy and menopause/perimenopause treatment. At Nevada Women's Care in Henderson, NV, Dr. Robert A. Gatlin is experienced with the latest, minimally invasive surgical techniques as well as hormone replacement therapy and care for women approaching menopause. He also has vast experience in obstetrics, including pregnancy, labor, delivery and postpartum care. He has helped three generations of women with all their health concerns.
