We are excited to announce the selection and arrival of our next President and CEO, Dr. Brandon Hill. Dr. Hill begins today, February 1.

“We are thrilled to bring his expertise to PPGP as we continue to expand our services and provide high quality, affordable health care for the people of Arkansas, Kansas, Missouri and Oklahoma,” said Marjorie Sable, Chair of the Board of Directors of PPGP. “As a national expert on sexual and reproductive health, Brandon has a deep understanding of providing services in an ever-changing health care environment and a political landscape hostile to women’s health and inclusive comprehensive health care for all.”

Dr. Hill most recently served as the Executive Director of the Center for Interdisciplinary Inquiry and Innovation in Sexual and Reproductive Health (Ci3) in the Department of Obstetrics and Gynecology at the University of Chicago. He is also a Research Fellow at the Kinsey Institute for Research in Sex, Gender, and Reproduction at Indiana University.

“I am excited to join Planned Parenthood Great Plains at this critical time,” Hill said of his new role as President and CEO. “I hope to bring my experiences as an academic and community-based researcher and advocate of sexual and reproductive health to PPGP to continue the work of fulfilling the mission. I am honored to join such a vibrant and dedicated team of providers and advocates working to provide inclusive, comprehensive, and compassionate care for all, and who continue to fight for the rights of our patients.”

This isn’t Dr. Hill’s first time working with Planned Parenthood. He served as a clinic counselor in family planning and gynecology at Planned Parenthood of Indiana, conducted patient-centered research with Planned Parenthood of Illinois, and has been an outspoken supporter of Planned Parenthood's health services, educational programs, and advocacy efforts throughout his career.

Join us in celebrating Dr. Brandon Hill’s new role with Planned Parenthood Great Plains and be on the lookout for public events in your area where you can meet him soon.
