## For Our Patients

### Family Planning Clinic

Offers birth control consultation for all women including those with complex medical needs.

Click on [this link](#) above for more information about birth control methods.

### Family Planning Procedures Clinic

Provides reliable, confidential, and comprehensive health care for women seeking abortion services, contraceptive services and miscarriage care.

### What Is A Family Planning Specialist?

*Family planning specialists are board-certified in obstetrics and gynecology and trained through family planning fellowships.*

As experts in modern contraceptive methods, our physicians are able to provide consultations for medically complicated patients and their providers.
