Vasectomy

Vasectomy Services are now available on-site through [Northeast Vasectomy and Family Planning](#)

Vasectomy is a method of permanent contraception for men. Across the world, vasectomy is becoming more and more popular.

No-Scapel Vasectomy is a simple, safe, and effective form of permanent birth control for men.

- Expert physician
- No scalpel
- 10-15 minutes process
- Safe, gentle, effective

Dr. Sarah Miller is board-certified Family Medicine physician and Family Planning specialist who has done hundreds of vasectomies over the years.
