DPR CASE NO. 0083361

vs.

QUENTIN DEHAAN, M.D.,

Respondent.

ADMINISTRATIVE COMPLAINT

COMES NOW the Petitioner, Department of Professional Regulation, hereinafter referred to as "Petitioner", and files this Administrative Complaint before the Board of Medicine against Quentin Dehaan, M.D., hereinafter referred to as "Respondent", and alleges:

1. Petitioner is the state agency charged with regulating the practice of medicine pursuant to Section 20.30, Florida Statutes; Chapter 455, Florida Statutes; and Chapter 458, Florida Statutes.

2. Respondent is and has been at all times material hereto, a licensed physician in the State of Florida, having been issued license number ME 0007838. Respondent's last known address is 609 Ponce DeLeon Street, Tampa, Florida 33606.

3. On or about March 12, 1987, Respondent provided obstetrical care and treatment for patient #1 at Respondent's birthing center.

4. During Respondent's treatment of patient #1, Respondent noticed that patient #1 had meconium-stained fluid. Respondent diagnosed the possibility of respiratory problems in the infant.

5. Respondent inappropriately allowed labor to continue at a facility lacking available equipment for fetal monitoring or the ability to perform immediate cesarean sections.

6. Subsequently, Respondent delivered patient #1's baby boy. Respondent noted that said infant showed signs of respiratory distress, and Respondent sent for a pediatrician.

7. Respondent failed to clean the infant's pharynx and trachea of meconium. After approximately three and one half hours, the pediatrician arrived, diagnosed the infant as suffering from peripheral cyanosis, and administered oxygen to the infant.

8. Respondent failed to arrange proper emergency passenger service to the hospital. Respondent inappropriately permitted the parents to transport the infant without supplementary oxygen being administered to the infant.

9. Upon arrival at the hospital, the infant was intensely cyanotic and required immediate intubation, ventilation, and resuscitation. Resuscitation was carried out and the infant required assisted ventilation for approximately 36 hours.

10. Respondent failed to provide patient #1 with complete records of documentation to present upon arrival at the hospital.

COUNT ONE

11. Petitioner realleges and incorporates paragraphs one (1) through ten (10), as if fully set forth herein this Count One.

12. Respondent failed to keep medical records justifying the course of treatment of patient #1 based upon but not limited to the following: Respondent failed to note any justification for allowing the patients labor to continue in a facility lacking fetal monitoring equipment and lacking the ability to perform emergency cesareans; Respondent failed to note any evidence indicating that he made provisions for suctioning the oral pharynx of patient #1's infant; Respondent failed to note any justification for failing to arrange proper emergency transportation for patient #1's infant.

13. Based upon the foregoing, Respondent is in violation of Section 458.331(1)(n) (1985), now Section 458.331(1)(m), Florida Statutes (1988) by failing to keep written medical records justifying the course of treatment of the patient, including, but not limited to, patient histories; examination results; test results; records of drugs prescribed, dispensed, or administered; and reports of consultations and hospitalizations.

COUNT TWO

14. Petitioner realleges and incorporates paragraphs one (1) through ten (10), and twelve (12) as if fully set forth herein this Count One.

15. Respondent failed to practice medicine with the requisite level of care, skill, and treatment when Respondent

allowed patient #1's labor to continue at a facility lacking equipment for fetal monitoring and lacking the ability to perform emergency cesareans, and when Respondent failed to arrange proper emergency transportation for patient #1's infant.

16. Based upon the foregoing, Respondent is in violation of Section 458.331(1)(t), Florida Statutes, in that Respondent failed to practice medicine with that level of care, skill and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances.

WHEREFORE, the Petitioner respectfully requests the Board of Medicine enter an Order imposing one or more of the following penalties: revocation or suspension of the Respondent's license, restriction of the Respondent's practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, and/or any other relief that the Board deems appropriate.
