

# The Rodnick Colloquium

## *Innovations in Family & Community Medicine*

**Thursday, May 30, 2013**

**UCSF Laurel Heights**

**3333 California Street**

**San Francisco, CA 94118**

**10:45am to 5:45pm, reception to follow**

**Theme: "Primary Care: The Cutting Edge of Medicine"**

---

### AGENDA

10:45am	Registration and Check-in Lower Level ( <b>S1</b> ) of Laurel Heights outside of the Auditorium
11:00am	Lunch Lower Level ( <b>S1</b> ) of Laurel Heights outside of the Auditorium & Casual poster viewing in two rooms: <b>231</b> (2 <sup>nd</sup> floor) – Garden Room & <b>S1-18</b> (Lower Level) – Chancellor's Room
11:45am	Introduction to 2013 Jack Rodnick Memorial Colloquium <b>S1-24</b> – Laurel Heights Auditorium
12:10pm	Plenary Session <b>S1-24</b> – Laurel Heights Auditorium
1:20pm	Poster Session and Poster Tours Snacks available <b>231</b> – Garden Room & <b>S1-18</b> Chancellor's Room – <i>see program for assigned poster rooms</i>
2:50pm	Concurrent Talks Session #1 <b>376, 384, &amp; 474</b>
4:00pm	Concurrent Talks Session #2 <b>376, 384, &amp; 474</b>
5:00pm	Break
5:15pm	Keynote Address by Kevin Grumbach, MD <b>S1-24</b> – Laurel Heights Auditorium
5:45pm	Wine and Cheese Reception Lower Level ( <b>S1</b> ) of Laurel Heights outside of the Auditorium

---

---

## PLENARY PRESENTATIONS 12:10 TO 1:10 PM

### S1-24: Laurel Heights Auditorium

Towards elimination of sexual and perinatal HIV transmission: Integrating reproductive health care for HIV-positive men into the primary care setting

*Shannon Weber, MSW*

---

Examining content of contraceptive counseling: a mixed methods analysis

*Amaranta D. Craig, BS*

---

Solving the primary care physician shortage without more physicians

*Thomas Bodenheimer, MD, MPH*

---

## POSTER TOURS 1:20 TO 2:40 PM (poster titles start on page 4)

### Room 231 – Garden Room

Innovative Advances in Chronic Care  
Quality Improvement

### Room S1-18 – Chancellor's Room

Medical Students and the Future of Primary Care  
Preconception/Conception

---

## CONCURRENT TALKS - SESSION #1 2:50 TO 3:50 PM

### Team-Oriented Care: Room 376

Moderator: *Monica Hahn, MD, MPH, MS (PGY2)*

Core Measures: Collaboration, integration, and quality improvement on the SFGH Family Medicine Inpatient Service

*Jack Chase, MD*

---

Teamwork in a community health center: measuring and modifying communication, morale, and job satisfaction

*Christine Hancock, MD, MS*

---

The effectiveness of medical assistant health coaching for low-income patients with uncontrolled diabetes, hypertension, and hyperlipidemia: a randomized controlled trial

*Rachel Willard-Grace, MPH*

---

### Innovative Approaches to Unmet Needs: Room 384

Moderator: *Heather Bennett, MD (PGY3)*

Innovations in medical education: Cuba's Latin American Medical School is training primary care physicians for developing and developed nations

*Brea Bondi-Boyd, MD*

---

“I don't see myself as a medical assistant anymore”: Learning to become a health coach, in our own voices

*Adriana Najmabadi*

---

Remedy at UCSF: a sustainable student-run initiative

*Lily Muldoon*

---

---

**Birth and Disparities: Room 474**

Moderator: Perlita Perez, MD (PGY3)

What is the contribution of socioeconomic factors to the black-white disparity in preterm birth?

*Paula Braveman, MD, MPH and Katherine Heck*

---

How are provider satisfaction, practices, and C-sections rates impacted by the implementation of a new model of labor and delivery at a local community hospital?

*Jennifer Rienks, PhD*

---

Racial-ethnic disparities in cesarean delivery: how important are black/white differences in maternal BMI?

*Susan Egerter, PhD*

---

**CONCURRENT TALKS - SESSION #2 4:00 TO 5:00 PM**

**Advancing Medical Education: Room 376**

Moderator: Renée Betancourt, MD (PGY2)

OSLER: A five step integrated paradigm of best practices in clinical teaching

*Steven Lin, MD; Grace Yu, MD; and Erika Schillinger, MD*

---

Point-of-care ultrasound in family medicine training

*Matthew Fentress, MD and Neil Jayasekera, MD*

---

Social & emotional intelligence training for 1st year medical students

*Oli Mittermaier, MS*

---

**Improving care for HIV, HVC and Teen Patients: Room 384**

Moderator: Lealah Pollock, MD, MPH (PGY2)

A longitudinal training program in family-centered HIV care for residents at San Francisco General Hospital (SFGH)

*Mina Matin, MD*

---

Investigating patient attitudes towards hepatitis C (HCV) to guide implementation of primary care-based HCV treatment

*Kellene Eagen, MD*

---

It's easy to talk about sex... except when you're a parent

*Bonnie Huang Hall, MD, PhD*

---

**Combating Addiction: Room 474**

Moderator: Nicole Bores, MD (PGY3)

Outpatient intranasal naloxone training and distribution to avert prescription opioid overdose at San Francisco Community Health Network clinics

*Mat Kladney, BS*

---

Use of a mentored faculty-resident team to enhance addiction medicine education

*Kenneth Saffier, MD*

---

Bringing a face to addiction

*Eric Sanford, MD*

---

---

## POSTER PRESENTATIONS – Room 231 (Garden Room)

---

### Concurrent Poster Tour #1: [Innovative Advances in Chronic Care](#)

Tour Leader: Hali Hammer, MD

1. How do peer health coaches improve diabetes care for low-income patients? A qualitative analysis  
*Matthew L. Goldman, MS and Amireh Ghorob, MPH*

---

2. The San Francisco Bay Area Collaborative Research Network (CRN): A partnership of community clinicians, practices and UCSF  
*James Rouse Iñiguez, MA*

---

3. Primary care in the ACO: The role of primary care in the future healthcare system  
*Erica Brode, MD, MPH*

---

4. The cardiovascular and metabolic health of transgender people: implications in primary care  
*Madeline B. Deutsch, MD*

---

5. Using technology to improve access to community resources  
*Jennifer Rosenbaum, MEd*

---

### Concurrent Poster Tour #2: [Quality Improvement](#)

Tour Leader: Quynh Bui, MD

6. PRIME Capstone group project: optimizing patient experience at Chinatown Public Health Center  
*Yee-Bun Benjamin Lui, MD, MPH*

---

7. Pediatric hypertension at the family health center  
*Priyanka Ghosh, MS3 and Pooja Mittal, DO*

---

8. Improving patient wait times: evaluating clinic changes through student-driven Quality Improvement projects  
*Laura Hill-Sakurai, MD*

---

9. Careination - Family Medicine Inpatient Service (FMIS) leading San Francisco General Hospital (SFGH) in electronic documentation  
*Tatiana Ivan, MD and Claudia Diaz Mooney, MD*

---

10. Newcomer refugee mental health: a multipronged approach  
*Rosemary Soliz, MD and Elizabeth Uy-Smith, MD, MPH*

---

---

## POSTER PRESENTATIONS – Room S1-18 (Chancellor's Room)

---

### Concurrent Poster Tour #3: [Medical Students and the Future of Primary Care](#)

Tour Leader: Diana Coffa, MD

11. Postoperative recovery profile (PRP) of patients participating in a volunteer ambulation program  
*Hai Le; Pouya Khankhanian; Neha Joshi; and Henry Crevensten, MD*

---

12. Influence of family medicine residents on medical student interest in primary care: A statewide study  
*Steven Lin, MD; Grace Yu, MD; and Erika Schillinger, MD*

---

13. Changes in medical students' exposure to and attitudes about drug company interactions from 2003-2012

*William B. Shore, MD, FAAFP*

---

14. Primary Care Leadership Academy: From embryonic to hypertonic

*Margo Vener, MD, MPH*

---

15. Changes in pre-medical students' perceptions of the medical profession after a family medicine shadowing program

*Nichole Young-Lin, BA*

---

**Concurrent Poster Tour #4: [Preconception/Conception](#)**

Tour Leader: *Christine Dehlendorf, MD, MAS*

16. Contraceptive access in the Philippines: the influence of decreased public funding

*Elizabeth Uy-Smith, MD, MPH*

---

17. Developing a financial empowerment program to improve health: pilot experiences at three Black Infant Health Program sites

*Mercedes Dekker, MPH*

---

18. Partnering to increase breastfeeding exclusivity in Latina mothers: leveraging research to strengthen promotora education

*Laura Ireland*

---

**Independent Poster Tour**

Although not on a formal tour, these posters are available for viewing – please enjoy!

**Posters #19 –39 will be displayed in room 231 (Garden Room)**

19. A process for standardizing ambulatory curriculum

*Karen Alingog, MD*

---

20. A roadmap to patient engagement through patient advisory boards: lessons learned promoting patient-centered care in two safety net clinics

*Lucia Angel and Hali Hammer, MD*

---

21. Adolescent/teen group prenatal visits: a longitudinal study of empowerment and intervention within the FQHC model

*Cynthia Hill, MD*

---

22. An evaluation of weight management apps for use in clinical practice: room for improvement

*Lenard I. Lesser, MD, MSHS*

---

23. Anemia screening at the Family Health Center: Improving rates through CQI

*Paola Case, MD, MPH; Pooja Mittal DO; and Hali Hammer, MD*

---

24. Clinician experiences of health coaching: Qualitative interviews with primary care providers

*Denise DeVore*

---

25. Closing the gap between abortion training and provision: results from the CREATE Program pilot (Continued Reproductive Education for Advanced Training Efficacy)

*Sarah McNeil*

---

26. Community oriented primary care: A resident collaboration with two community-based organizations to recognize trauma and promote resiliency in at-risk youth

Naomi Wortis, MD

---

27. Consultations provided by the UCSF HIV Warmline, PEPLINE and Perinatal HIV Hotline inform national guidelines and policies

*Ronald H. Goldschmidt, MD*

---

28. Cross-cultural curriculum assessment project: Impact on residents' views regarding the program's diversity mission

*Betty J. Jarman, PhD*

---

29. Development of a 'Longitudinal Management of Patients and Populations' curriculum for longitudinal integrated clerkship students

*Amiesha Panchal, MD*

---

30. Drive and thrive: UCSF and Kaiser Permanente partnership in FCM 110

*Sandi Borok, BA and Margo Vener, MD, MPH*

---

31. Educational tools for clinicians to decrease stigma and empower HIV-affected families to foster healthy relationships

*Hana Lim*

---

32. Effects of pre-rounding on efficiency and resident satisfaction on an inpatient family medicine service

*Adam Rahim Bolour, MD*

---

33. Efficacy of national student lunch program compliance in reducing obesity in San Francisco public school children

*Joelle Birnberg, MS4; Alexander Braunstein PhD; and Janet Wojcicki PhD*

---

34. Evaluation of 'active and healthy families': A family-based group medical appointment model for childhood obesity in federally qualified health centers

*Alan Siegel, MD*

---

35. Exploring current practices in Community Oriented Primary Care projects during Family Medicine Residency training in Kenya: A qualitative study

*Ian Nelligan MD, MPH*

---

36. Improving healthcare for transgender patients at Lakeshore

*Catherine Sonquist Forest, MD, MPH*

---

37. Integrative approaches to end-of-life care: developing an interprofessional elective

*Shelley R. Adler, PhD*

---

38. Parental satisfaction over time when children are not given antibiotics for viral infections

*Alex Moir, MD*

---

39. Primary care clinicians as providers of HIV care: a needs assessment in preparation for a telemedicine intervention

*Jess Waldura, MD*

---

**Posters #40 – 49 will be displayed in room S1-18 (Chancellor's Room)**

40. Provider and patient education on public assistance programs for disability in Fresno, CA

*Kaitlin Hollander, MS3*

---

41. Rates of hospitalization among HIV positive patients in Fresno, California, 1998-2011

Thandar Lwin, MD, MPH, PhD

---

42. Social deprivation, health, and service by Health Center Program Grantees: Regional comparisons  
*Heather Bennett, MD*

---

43. Social needs screening in pediatric urgent care settings  
*Laura Rubenstein, MD; Laura Gottlieb, MD, MPH; and Nancy Adler, PhD*

---

44. Teaching resident physicians about substance use in pregnancy  
*Claudia Diaz Mooney, MD*

---

45. Team structure and culture are associated with lower burnout in primary care practices  
*Rachel Willard-Grace, MPH*

---

46. The get healthy action plan: a clinical tool for obese children and adolescents  
*Cheryl Green, MD*

---

47. The prevalence of malnutrition in frail older veterans  
*Theresa Allison, MD, PhD and Aung Win*

---

48. The UCSF Enrichment Program for ELAM Students  
*Elisabeth Wilson, MD, MPH*

---

49. Warmline and CDC collaboration toward increasing routine HIV screening among primary care clinicians  
*Shannon Weber, MSW*

---

**Additional program-only abstracts**

Due to both the high volume of submissions and limitations on space, we unfortunately cannot display the following posters at this time. We encourage you to review these abstracts and contact the abstract authors should you want more information.

50. RAAN Integrated Primary Care Clinic - A rural health collaborative and medical training site in the North Atlantic Autonomous Region of Nicaragua  
*Jack Chase, MD*

---

51. Improving developing nations' ICU care using an electronic medical record, telemedicine specialty consultation and internet continuing medical education  
*James K. Gude, MD*

---

52. The breakdown on trust building: how staff navigators are key to building academic-community health improvement partnerships  
*Paula Fleisher, MA; Roberto Vargas, MPH; and Randy Quezada, MPP*

---

53. Developing a comprehensive family medicine didactics curriculum: lessons and results from year one  
*Christine Hancock, MD, MS*

---

54. The Urgent Care Pathways program: Institutionalizing a patient-centered diabetes intervention for entry into primary care  
*Karen Kwok, FNP, MPH*

---

55. Practical, efficient, and evidence-based: key qualities of a resident outpatient preceptor  
*Isabel Lee, MD and Claudia Diaz Mooney, MD*

---

56. Pamphlets to promote healthcare access in the Fresno community

57. Obstetric anesthesia for cesarean section in Kampala, Uganda

*Erin McKay, MD1; Emmanuel Ayabale, MB BS2; Caroline Castillo, MD3; Bruno DeCaria, MD4; and Gerald Dubowitz, MD1*

---

58. Baby Steps: a prenatal health coaching program with a focus on nutrition and wellness for underserved patients in San Francisco

*Lesley McCaskey and Zohra Saiyed*

---

59. PRIME-US and SF HIP: A longitudinal community engagement service learning project

*James Rouse Iñiguez, MA*

---

60. Developing roles and expectations for residency advisors and advisees

*Margaret Stafford, MD*

---

61. Implementing mindfulness-based stress reduction (MBSR) in a Family Medicine clinic: hurdles and strategies

*Elise Taylor, B.S.*

---

62. Enhancing HIV prevention through integration of family planning, preconception and safer conception counseling in the HIV primary care setting: developing a toolkit for implementation

*Shannon Weber, MSW*

---

63. Safer conception options for HIV serodiscordant couples in the United States: Experience of the National Perinatal HIV Hotline and Clinicians' Network

*Shannon Weber, MSW and Jess Waldura, MD*

---
