(i) Provider need only disclose malpractice settlements if there have been 5 or more settlements in the most recent 5 years of continuous practice, of \$50,000, or more, per settlement, or if there has been more than 10 settlements within the most recent 5 years of continuous practice of any dollar amount;

(ii) Settlements that result solely in an adjustment to the fee charged for Provider's services shall not be disclosed pursuant to this chapter;

(iii) Settlement of a claim may occur for a variety of reasons which do not necessarily reflect negatively on the professional competence or conduct of a provider. A payment in settlement of a malpractice action or claim should not be construed as creating presumption that malpractice has occurred. Malpractice histories tend to vary by specialty. Some specialties are more likely than others to be the subject of litigation.

(iv) Nothing herein shall be construed to limit or prevent the board from providing further explanatory information regarding settlements;
