Ohio Department of Health

Women's Med Center of Dayton applied for renewal of its ASF license in August, 2012 and submitted a request for a variance of the hospital transfer agreement based on an agreement with three backup physicians based at Miami Valley Hospital. A letter of agreement from the three physicians was submitted. The three physicians are Lawrence Amesse, MD, Sheela Barhan, MD, and Janice Duke, MD.

Dr. Amesse has recently left the practice and is no longer available. The remaining two physicians remain on the staff of Miami Valley Hospital and are in good standing there. They continue to be available to admit patients of Women's Med Center of Dayton who may require hospitalization for care beyond the ability of the ASF to provide. They are Sheela Barhan, MD and Janice Duke, MD. They have communicated to us that they are available 24 hours a day seven days a week to provide this coverage and that they will care for and follow these patients while in the hospital. They have assured me that they will provide plenty of advance notice in the event they would both be on vacation simultaneously.

The department's surveyors today requested us to provide current written verification from Miami Valley Hospital that that the physicians remain on staff at the hospital in good standing. We have obtained that verification and provided a copy of to the surveyors.

Sincerely yours,

Martin Haskell, MD

The above is an accurate representation of information currently maintained by the State Medical Board of Ohio as of 5/1/2013. The JCAHO and the NCQA have informed the Board that they consider this on-line license status information as fulfilling the primary source requirement for verification of licensure in compliance with their respective credentialing standards. This information is otherwise provided as a public service and no user may claim detrimental reliance thereon.

The State Medical Board utilizes the Federation Credentials Verification Service (FCVS) as an agent and partner in licensing physicians in Ohio. Physicians initially licensed in Ohio after February 1st, 1997 have had their medical education, post-graduate training and examination history primary source verified by FCVS. Therefore, the use of this website for documentation of primary source verification (PSV) of education and training meets current NCQA guidelines for those licensed after February 1, 1997. This statement, affirming that primary source verification of medical education and post-graduate training has been performed as part of the licensure process, should be printed out and retained in your files. Prior to February 1, 1997, the State Medical Board prime source verified the post-graduate training and examination history.

Re: Backup Services for Women's Med Center of Dayton (WMCD)

This letter confirms our agreement that we have admitting privileges at Miami Valley Hospital and agree to exercise those privileges to provide for the continuity of care and the timely, unimpeded acceptance and admission of the WMCD emergency patients. Specifically, we agree:

- a. We will provide 24/7 emergency backup hospital admission for WMCD patients in the event of surgical complication, emergency situations, or other medical needs that require a level of service beyond the capability of the WMCD;
- b. We are licensed to practice medicine in Ohio and we will alert you within 24 hours if any of our active status to practice medicine in Ohio changes;
- c. No actions have been taken against us or are in progress by the Ohio State Medical Board and we will alert you within 24 hours if an action is taken against either of us by the Ohio State Medical Board;
- d. We are credentialed with admitting privileges in Gynecology without restrictions at Miami Valley Hospital in Dayton and will arrange patient admission and care for each patient needing medical services according to each patient's need.
- e. We agree to immediately inform the WMCD of any circumstances that may impact our ability to provide for continuity of care and the timely, unimpeded acceptance and admission of the WMCD emergency patients;
- f. We are familiar with the WMCD and its operations and its Emergency Medical Protocol;
- g. Our offices are on the Miami Valley Hospital campus, so there is no travel time from our office to the hospital. The travel time from our respective residences is under 15 minutes for two of us and under 30 minutes for the third.
- h. We are on the teaching faculty of Miami Valley Hospital and as such have available to us a wide range of consultants. We use the on-call faculty consultant for each department for consulting/referral physicians outside our area of specialty/expertise.

- i. In the event we all will be simultaneously absent from the locale, we will provide WMCD notice within one business day before such date or as soon as practicable of an unplanned absence or three business days before such date or as soon as practicable for an absence planned in advance.

In the event our services are needed under this agreement, contact us by calling our respective cell phones for which we have previously provided the numbers. Please provide the patient's name, reason for referral, current medical condition and means of transport. Also send a copy of all patient records with the patient.

We agree to provide thirty (30) days notice if we need to modify or cancel this agreement.

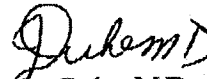

Sincerely,

Lawrence Amesse, M.D.
