Section 1 Introduction

This directory provides a list of Akamai Advantage's network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage*. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and the HMSA Akamai Advantage formulary.

Network Providers

You may choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). The term "PCP" will be used throughout this directory. Generally you must get your health care coverage from your PCP. Your PCP is a health care professional who meets state requirements and is trained to give you basic medical care. Your PCP will also coordinate the rest of the covered services you get as an Akamai Advantage member. For example, to see a specialist, you may need to get your PCP's approval first. This is called getting a referral to a specialist. Although as an Akamai Advantage member a referral is not required to see a specialist, you should ask your PCP to refer you to an Akamai Advantage network provider. If an Akamai Advantage network provider is not available, your PCP may refer you to an out-of-network provider.

PCPs are listed in Section 3 of this directory and at our website, <http://www.hmsa.com>. You should contact our Customer Relations department for help in choosing or changing your PCP. Their telephone numbers are listed on the front cover of this booklet.

The "network providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. However, your out-of-pocket expenses may cost more. In most cases, your health care coverage is covered under Akamai Advantage.

Network Pharmacies

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under HMSA Akamai Advantage only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network or, there may be newer pharmacies in our network that are not listed. This list is current as of August 2014. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this directory.

We also list pharmacies that are in our network but are outside Hawaii. You may also fill your prescriptions at these pharmacies. If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

Out of Area and Emergency Coverage

With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers. If you go to an out-of-network provider and they send you the bill, send HMSA your request for payment along with your bill and documentation of any payment you may have made. Refer to your *Evidence of Coverage* for more detailed information.

If you are outside of the plan's service area, but still in the United States, Akamai Advantage will cover urgently needed care that you get from any Medicare participating provider. For medical emergencies, you do not need to get approval or referral first from your PCP. Call 911 for help or go to the nearest emergency room, hospital, or urgent care center. Contact your PCP as soon as possible. After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided out-of-network, your PCP will try to arrange for network providers to take over your care as soon as your medical condition and circumstances allow.

You may get covered emergency medical services or urgently needed care in a foreign country. You will have to pay the full cost of the service and submit documentation to HMSA for reimbursement. HMSA will deduct any copayment or coinsurance you are responsible to pay for.

How do you find Akamai Advantage providers in your area?

For your convenience, the list of Akamai Advantage network providers is arranged as follows:

- Network providers by island – Primary care providers (PCP) are listed first, followed by contracting specialists and other health providers. A physician's board certification is included. Acquiring board certification is elective and not a credentialing requirement for HMSA Akamai Advantage network providers.
- Network health care providers, facilities and services – These network providers are listed by provider or service type under each island.
- National pharmacy chains.
- Mail-order pharmacy.
- Network pharmacies – The pharmacies are listed by type (retail, long-term care).

Note:

- Most participating providers listed are accepting new patients. However, providers may change their policy at any time. Refer to the specific provider if you have any questions.
- If there is no board certification listed, that information may not be available or the provider may not be board certified.
- If there is no hospital affiliation listed, that information may not be available or may not be applicable.
- All participating providers speak English. Refer to the specific provider for any other languages spoken.

If you have questions about Akamai Advantage or require assistance in selecting a PCP, please call our Customer Relations Department at 1 (800) 660-4672, 8 a.m. to 8 p.m., seven days a week. TTY users, call 711. Or, visit <http://www.hmsa.com/advantage>.

Network Pharmacies

This section of the directory has the following pharmacy categories:

- National Pharmacy Chains
- Mail-Order Pharmacy
- Additional Pharmacies (listed by island, then by category)
 - Home I.V. Therapy Pharmacy
 - Long Term Care Pharmacy
 - Retail Pharmacy
 - Specialty Pharmacy

This directory lists network pharmacies in Hawai'i and national pharmacy chains. Akamai Advantage has a national pharmacy network. To search for additional network pharmacies outside of Hawai'i, visit our website, <http://www.hmsa.com/advantage>, or contact the plan.

Home infusion, long-term care, specialty and the mail order pharmacies service all islands, even though they may not be physically located on each island. All retail pharmacies provide an extended day supply of some medications.

Residents of a long-term care facility may access their prescription drugs covered under Akamai Advantage through the facility's long-term care pharmacy or another network long-term pharmacy.

If you do not have Medicare Part D prescription drug coverage through Akamai Advantage, your Akamai Advantage drug coverage is limited to Medicare-qualified Part B drugs. For details, see your *Evidence of Coverage*.

You can get prescription drugs shipped to your home through our network mail order delivery program. For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program called ReadyFill at Mail. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 25 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact us by calling us at 1 (855) 479-3659. This toll-free number is available 24 hours a day, seven days a week.
