

WHERE TO GET AN ABORTION

Below is a list of abortion providers in New York State grouped by county and borough. The list includes information about the types of services provided, payment methods, enrollment in public health insurance, the nearest form of public transportation, and language interpretation services. Please consult in codes listed below for more information.

Another option is to check with your primary care or obstetrician/gynecologist to see if he or she offers abortion services. Many may provide early abortion services but may not publicize the service.

This list is available online at www.bookofchoices.org. The Book of Choices is a comprehensive online guide for women in New York State facing an unplanned pregnancy. Visit this site for more information on your options and how to pay for your care.

PAYMENT METHOD CODES

\$ (Cash)

PC (Personal Check)

MO (Money Order)

TC (Traveler's Check)

SS (Sliding Scale)

PI (Private Insurance and HMOs)

NYS-MDC (New York State Medicaid)

FHP (Family Health Plus)
