PRIVATE VIP ABORTION

We understand that some women want a Private VIP abortion experience.

Our **Private VIP Abortion** service offers the ultimate in privacy, efficiency and discretion. For an additional fee you will have exclusive use of the facility. You will be the only patient in the clinic and you will have the full staff including the gynecologist, anesthesiologist, registered nurse, and counselor for your care.

Your guest will be allowed to be with you at all times, until you go to sleep for the abortion, and will join you for aftercare in the recovery room.

The whole process should take under 2 hours. The Private VIP Abortion service is **ONLY** available at our Maryland abortion clinic below:

POTOMAC FAMILY PLANNING CENTER

Jackson Place North
966 Hungerford Drive, Suite 24
Rockville, MD 20850
(301) 251-9124
(800)-260-CHOICE (2464)

Potomac Family Planning Center in Rockville, Maryland has provided safe, convenient Private VIP Abortion care to women from Maryland, Virginia, PA, WV and Washington, DC since 1993.

We are inspected and licensed by the State of Maryland. The range of abortion services includes [Abortion by Pill](#) (medical abortion / RU486), as well as, 1st and 2nd trimester [surgical abortion](#) services offered under local anesthesia, conscious sedation or general anesthesia.

2nd trimester abortions are offered up to approximately 17 weeks and require only one visit. When we know in advance we can make special arrangements for fetal abnormality cases.

Pregnancy Calculator

To estimate the length of your pregnancy, enter the first day of your last period and then press 'calculate'.

First Day of Last Menstrual Period:	<input type="text"/>	Select Date
CALCULATE		
Estimated Length of Pregnancy:	<input type="text"/>	<input type="text"/>
Estimated Conception Date:	<input type="text"/>	<input type="text"/>
Estimated Due Date:	<input type="text"/>	<input type="text"/>

The Pregnancy Calculator above is an estimation of weeks from reported last normal menstrual period and does not constitute medical advice. A missed period does not necessarily mean that you are pregnant, and having a period does not mean you are not pregnant. Only an exam, pregnancy test, or ultrasound by a physician can confirm pregnancy and approximate length of pregnancy. The calculator should be used as a guide only and should not be relied upon for weeks of pregnancy, conception date, or due date.
