	RECIPROCITY INFORMATION	

Sacramento, California

Reciprocity applications are acted on at a credentials committee meeting which is held approximately once a week. No TEMPORARY CERTIFICATES or SPECIAL PERMITS to practice are issued. The filing of an application does not grant an applicant any special privileges, nor is any method of treating the sick or afflicted permitted in California without the lawful possession of a certificate issued by this Board and then only after said certificate has been recorded in the county wherein such practice is conducted. See sections 2141 to 2143 of the Business and Professions Code. Applicants must not establish an office nor circulate professional printed matter using the prefix "Dr." or suffix "M.D." before a California certificate bas been issued.

Answering your recent inquiry, we submit the following information regulating the issuance of a reciprocity certificate

to practice in California. Please read carefully and supply all the data required on this application blank.

APPLICATION FEE of \$10.00 (foreign exchange to be added) in any form other than a personal check must accompany this application and be deposited in the office of the Board, 1021 O Street, Sacramento, California, two weeks before any date shown on the accompanying dates for meetings for the current year. An additional \$100.00 certificate fee to be paid if certificate is issued, together with the current license fee as provided by law and the Board rules and regulations.

Mutilated or partially completed applications not acceptable. Read footnotes on pages 1-2-3.

Application based on a certificaet issued "on Reciprocity" is not acceptable.

Dear Doctor:

If admitted to examination in another state BEFORE POSSESSION OF DIPLOMA, an applicant must submit a certified copy of the document used as a basis of his admission to examination.

Applicants who have failed in a California written or oral examination are not eligible to file a Reciprocity Application.

This Application must be based c 1 a certificate or medical license, issued by a Board of Medical Examiners (or similar medical licensing body) of any STATE or TERRITORY of the UNITED STATES that maintained a standard EQUAL TO CALIFORNIA on the same date. After September 22, 1951, the requirements of the Business and Professions Code for the issuance of a physicians and surgeons certificate included a one year's internship satisfactory to the Board. If such certificate or medical license is dated five or more years before the filing date of this application, the applicant must report for practical, clinical oral examination complying with the inclosed notice re dates and places for Oral Examinations for the current year.

Oral examinations are given ONLY at the address and on the dates mentioned on the accompanying mimeographed sheet of meetings as listed thereon. The Board must be notified when and where you will report for oral examination.

Amendment (Chapter 309, Statutes 1929) requires all preliminary, premedical and professional training to have been "resident" courses in a school approved by the Board.

Amendment (Chapter 670, Statutes 1935, effective September 15, 1935, and subsequent amendments) requires that graduates of foreign medical schools must meet additional requirements. Write for our printed form No. 172-173.

Case Number 16-2004-159043

PUBLIC REPRIMAND

On May 19, 2004, the State of Michigan Board of Medicine issued a Consent Order and Stipulation which resulted in your Michigan medical license being placed on probation for six months, a records review requirement, monitoring, continuing education in the area of bariatrics and proper medical documentation, submission of a protocol for treatment of weight management and submission of random pharmacy inspections. This discipline was based on allegations that you, an obstetrician and gynecologist, treated several patients without adequate medical evaluation and without creating an adequate medical record, performed ultrasounds without medical justification, prescribed without medical indication, inappropriately maintained and labeled controlled substances in your office and placed a patient on a diet plan which included prescription medication without documentation, assessment or evaluation. These actions are in violation of Business and Professions Code sections 2305 and 141(a).

Pursuant to the authority of Business and Professions Code sections 495 and 2227, the Medical Board of California hereby issues a Public Reprimand in this matter and understands that these violations will not be repeated.

Physician and Surgeon's Certificate No. C30405

Respondent.

Case No. 16-2004-159043

OAH No. N2004110241

PROPOSED DECISION

Administrative Law Judge Ruth S. Astle, State of California, Office of Administrative Hearings, heard this matter in Oakland, California, on February 3, 2005.

Jane Zack Simon, Deputy Attorney General, represented complainant.

Respondent was present and represented by Albert J. Garcia, Attorney at Law, 1995 University Avenue, Suite 265, Berkeley, California 94704.

The matter was submitted on February 3, 2005.

FACTUAL FINDINGS

- 1. David T. Thornton made this accusation in his official capacity as Interim Executive Director of the Medical Board of California and not otherwise.
- 2. On August 14, 1968, Physician and Surgeon's Certificate No. C30405 was issued by the Board to Michael A. Roth, M.D. (respondent). Respondent's certificate is renewed and current with an expiration date of February 28, 2006.
- 3. On May 19, 2004, the State of Michigan Board of Medicine (Michigan Board) issued a Consent Order and Stipulation (Consent Order) regarding respondent's license to practice medicine in Michigan. Under the terms of the Consent Order, respondent's Michigan license was placed on probation for six months, he was subjected to a records

review requirement, and he was required to have a monitor, to complete continuing education in the area of bariatrics and proper medical documentation, to submit a protocol for treatment of weight management, and to submit to random pharmacy inspections. The Consent Order resolved an Administrative Complaint in which it was alleged that respondent, an obstetrician and gynecologist, treated several patients without adequate medical evaluation and without creating an adequate medical record. It was also alleged that respondent performed ultrasounds without medical justification and prescribed without medical indication, that he placed a patient on a diet plan which included prescription medication without documentation, assessment or evaluation, and that he inappropriately maintained and labeled controlled substances in his office. The Consent Order is attached to the accusation as Exhibit A.

- 4. The action taken by the Michigan Board does constitute disciplinary action with the meaning of California law. Respondent's conduct and the action of the Michigan Board as set forth in Finding 3, above, constitute ground for disciplinary action for unprofessional conduct pursuant to Business and Professions Code sections 2305 and 141, subdivision (a).
- 5. The Michigan Board imposed a fine of \$15,000, which respondent paid in full. On January 24, 2005, respondent received a letter from the Michigan Board indicating that he complied with all the terms of the Consent Order and that he was discharged from probation.
- 6. Respondent presented a letter from his monitor indicating that respondent's office-based documentation was satisfactory and that respondent understands thoroughly the nature of the deficiencies that resulted in the action taken against him by the Michigan Board. Respondent also presented a letter from the Chairman and Program Director of the Department of Obstetrics and Gynecology at Providence Hospital. Respondent was reviewed by the hospital and remained an attending physician in good standing. He also presented four character letters.
- 7. Respondent has no prior disciplinary action and has been in practice for over 30 years. He has changed his practice in documentation and now spends more time with each patient. He also sees fewer patients so that he can document all the information.
- 8. Respondent's actions and cooperation with the Michigan Board show that respondent took these allegations seriously and made the necessary changes in his practice so that this will not happen in the future. A public reprimand and a course in recordkeeping and a course in prescribing practices (such as the courses offered by PACE) in addition to 20 additional CME hours in the area of bariatrics is appropriate.
- 9. Costs in the amount of \$868.75 are reasonable and respondent is responsible for this amount.

LEGAL CONCLUSIONS

- 1. By reason of the matters set forth in Findings 3 and 4, cause for disciplinary action exists pursuant to Business and Professions Code sections 141 (out of state discipline) and 2305 (unprofessional conduct for out of state discipline).
- 2. The matters in mitigation, extenuation and rehabilitation set forth in Findings 5, 6, 7 and 8 have been considered in making the following order.
- 3. Cost recovery in the amount of \$868.75 is ordered pursuant to Business and Professions Code section 125.3.

ORDER

Michael A. Roth, M.D., holder of Physician's and Surgeon's Certificate No. C30405 shall by way of letter from the President of the Division of Medical Quality of the Medical Board of California be publicly reprimanded; provided, however, that the public reprimand is conditional on respondent's full compliance with the following conditions precedent:

- date of this decision, respondent shall submit to the Division or its designee for its prior approval an educational program and/or courses which shall be aimed at correcting any areas of deficient practice or knowledge including, but not limited to, a prescribing course, a medical record keeping course (such as those offered by PACE) and 20 additional CME hours in bariatrics. Respondent shall pay all costs of the educational program. Respondent shall complete the educational courses, and shall within six months of the effective date of this decision, unless the Division or its designee agrees in writing, to a later time for completion. This program shall be in addition to the CME requirements for re-licensure. Following the completion of these courses, the Division or its designee may administer an examination to test respondent's knowledge of the material. Respondent shall provide documentary proof of attendance at the courses.
- 2. Cost Recovery Within 90 calendar days from the effective date of the Decision or other period agreed to by the Division or its designee, respondent shall reimburse the Division the amount of \$868.75 for its investigative and prosecution costs. The filing of bankruptcy or period of non-practice by respondent shall not relieve the respondent of his obligation to reimburse the Division for its costs.

3. Upon full compliance with the conditions precedent set forth in this decision, respondent's physician's and surgeon's certificate shall be publicly reprimanded by way of a letter from the President of the Division.

Respondent,

The Complainant alleges:

PARTIES

- 1. Complainant David T. Thornton is the Interim Executive Director of the Medical Board of California (hereinafter the "Board") and brings this accusation solely in his official capacity.
 - 2. On or about August 14, 1968, Physician and Surgeon's Certificate No.
- 26 C30405 was issued by the Board to Michael A. Roth, M.D. (hereinafter "respondent").
- 27 | Respondent's certificate is renewed and current with an expiration date of February 28, 2006.

JURISDICTION

- 3. This accusation is brought before the Division of Medical Quality of the Medical Board of California, Department of Consumer Affairs (hereinafter the "Division"), under the authority of the following sections of the California Business and Professions Code (hereinafter "Code") and/or other relevant statutory enactment:
 - A. Section 2227 of the Code provides in part that the Board may revoke, suspend for a period of not to exceed one year, or place on probation, the license of any licensee who has been found guilty under the Medical Practice Act, and may recover the costs of probation monitoring if probation is imposed.
 - B. Section 125.3 of the Code provides, in part, that the Board may request the administrative law judge to direct any licentiate found to have committed a violation or violations of the licensing act, to pay the Board a sum not to exceed the reasonable costs of the investigation and enforcement of the case.
 - C. Section 2305 of the Code provides, in part, that the revocation, suspension, or other discipline, restriction or limitation imposed by another state upon a license to practice medicine issued by that state, that would have been grounds for discipline in California under the Medical Practice Act, constitutes grounds for discipline for unprofessional conduct.

D. Section 141 of the Code

- "(a) For any licensee holding a license issued by a board under the jurisdiction of a department, a disciplinary action taken by another state, by any agency of the federal government, or by another country for any act substantially related to the practice regulated by the California license, may be ground for disciplinary action by the respective state licensing board. A certified copy of the record of the disciplinary action taken against the licensee by another state, an agency of the federal government, or by another country shall be conclusive evidence of the events related therein.
 - "(b) Nothing in this section shall preclude a board from applying a

1.4

specific statutory provision in the licensing act administered by the board that provides for discipline based upon a disciplinary action taken against the licensee by another state, an agency of the federal government, or another country."

- E. Welfare and Institutions Code section 14124.12 provides, in part, that a physician whose license has been placed on probation by the Medical Board shall not be reimbursed by Medi-Cal for "the type of surgical service or invasive procedure that gave rise to the probation."
- 4. Respondent is subject to discipline within the meaning of section 141 and is guilty of unprofessional conduct within the meaning of section 2305 as more particularly set forth herein below.

FIRST CAUSE FOR DISCIPLINE

(Discipline, Restriction, or Limitation Imposed by Another State)

5. On or about May 19, 2004, the State of Michigan Board of Medicine issued a Consent Order and Stipulation regarding respondent's license to practice medicine in Michigan. Under the terms of the Consent Order and Stipulation, respondent's Michigan license was placed on probation for six months, he was subjected to a records review requirement, a monitor, required to complete continuing education in the area of bariatrics and proper medical documentation, to submit a protocol for treatment of weight management, and to submit to random pharmacy inspections.

The Consent Order and Stipulation resolved an Administrative Complaint in which it was alleged that respondent, an obstetrician and gynecologist, treated several patients without adequate medical evaluation and without creating an adequate medical record. It was also alleged that respondent performed ultrasounds without medical justification, and prescribed without medical indication, that he placed a patient on a diet plan which included prescription medication without documentation, assessment or evaluation, and that he inappropriately maintained and labeled controlled substances in his office.

STIPULATION

The parties stipulate as follows:

- 1. Respondent does not contest the allegations of fact and law in the Complaint. Respondent understands that, by pleading no contest, he does not admit the truth of the allegations but agrees that the Disciplinary Subcommittee may treat the allegations as true for resolution of the Complaint and may enter an Order treating the allegations as true.
- 2. Respondent understands and intends that, by signing this Stipulation, he is waiving the right under the Public Health Code, rules promulgated under the Public Health Code, and the Administrative Procedures Act of 1969, 1969 PA 306, as amended, MCL 24.201 et seq, to

require the Department to prove the charges set forth in the complaint by presentation of evidence and legal authority, and to present a defense to the charges before the Disciplinary Subcommittee or its authorized representative.

- 3. The Disciplinary Subcommittee may enter the above Consent Order, which Board conferee Scot F. Goldberg, M.D. supports. The Board conferee and the undersigned Assistant Attorney General are free to discuss this matter with the Disciplinary Subcommittee in order to recommend acceptance of this resolution.
- 4. The Board conferee and the parties considered the following factors in reaching this agreement:
 - A. Respondent has cooperated fully in the resolution of this matter.
 - B. There has been no patient harm as a result of Respondent's conduct described in the State's Administrative Complaint.
 - C. Respondent will never perform a pregnancy termination procedure outside an approved clinic/hospital/office setting. Respondent understands his office practice will continue to be subject to random pharmacy inspections after his probation period ends.
- 5. Should the Disciplinary Subcommittee reject the proposed consent order, the parties reserve the right to proceed to hearing.

Complaint No. 43-00-2832-00

ADMINISTRATIVE COMPLAINT

Attorney General Michael Cox, through Assistant Attorney General Merry A. Rosenberg, on behalf of the Department of Consumer & Industry Services, Bureau of Health Services, (Complainant), files this Complaint against Michael Arthur Roth, M.D., (Respondent), alleging upon information and belief as follows:

- 1. The Board of Medicine (Board), an administrative agency established by the Public Health Code, 1978 PA 368, as amended; MCL 333.1101 et seq, is empowered to discipline licensees under the Code through its Disciplinary Subcommittee (DSC).
- 2. Respondent is currently licensed to practice medicine pursuant to the Code and, at all times relevant to this Complaint, was board certified in obstetrics and gynecology.
- 3. Section 16221(a) of the Code provides the DSC with authority to take disciplinary action against Respondent for a violation of general duty, consisting of negligence or failure to exercise due care, including negligent delegation to, or supervision of employees or other than the second section of the second section section of the second section section of the second section section

individuals, whether or not injury results, or any conduct, practice, or condition which impairs, or may impair, the ability to safely and skillfully practice medicine.

- 4. Section 16221(b)(i) of the Code provides the DSC with authority to take disciplinary action against Respondent for incompetence, defined at section 16106(1) to mean:

 "[A] departure from, or failure to conform to, minimal standards of acceptable and prevailing practice for a health profession whether or not actual injury to an individual occurs."
- 5. Section 16221(b)(vi) of the Code authorizes the DSC to take disciplinary action against Respondent for a lack of good moral character, defined at section 1 of 1974 PA 381, as amended; MCL 338.41 et seq, as the propensity on the part of the person to serve the public in the licensed area in a fair, honest, and open manner.
- 6. Section 16226 of the Code authorizes the DSC to impose sanctions against a person licensed by the Board if, after opportunity for a hearing, the DSC determines that a licensee violated one or more of the subdivisions contained in section 16221 of the Code.

COUNT I

7. M.M., (initials will be used to protect patient confidentiality), a 29-year old female, presented to Respondent's office on March 14, 2000, for a voluntary termination of pregnancy. Respondent performed an ultrasound, which he interpreted to show a gestational age of 23 to 24 weeks.

- 8. Respondent inserted the laminaria for the procedure that same day, M.M. returned to his office the next day, March 15, 2000, to have the procedure completed. His chart for M.M. does not include a pre-operative hemoglobin and hematocrit, any record of her pulse, a recovery record, or a discharge record with discharge instructions.
- 9. Respondent's conduct described in paragraphs 7-8 above constitutes negligence, in violation of section 16221(a) of the Code.
- 10. Respondent's conduct described in paragraphs 7-8 above constitutes incompetence, in violation of section 16221(b)(i) of the Code.

COUNT II

- 11. M.E., a 41-year old female, requested Respondent to perform a voluntary termination of pregnancy at her home on or about December 6, 1998. She wanted the procedure done at her home because of her alleged agoraphobia, although Respondent's chart was devoid of any documentation to support that diagnosis. In fact, M.E. identified herself as a "bartender."
- Respondent performed the termination procedure at M.E.'s home on December 6, 1998. Respondent's chart for M.E. does not include any verification of her age or identity, (i.e., a driver's license), or the consent form that verifies the statutorily required 24-hour waiting period. In fact, this record does reflect that Respondent never saw her before performing the procedure.

- 13. Respondent's records for M.E. are further devoid of any documentation of a history and physical, pre-procedure hemoglobin or hematocrit, vital signs taken before, during or after the procedure, a recovery record, or discharge instructions.
- 14. Respondent performed a second voluntary termination of pregnancy on M.E. at her home on October 5, 1999, again because of her alleged agoraphobia. As noted, (paragraph 12 supra,) the chart includes no documentation of her identity or age, or that she was seen by Respondent prior to the procedure to receive the statutorily required 24-hour consent information.
- 15. Respondent's records for the October 5, 1999, procedure do not include a history or physical, a pre-operative hemoglobin or hematocrit, a recovery record, or discharge instructions.
- 16. Respondent's conduct described in paragraphs 11-15 above constitutes negligence, in violation of section 16221(a) of the Code.
- 17. Respondent's conduct described in paragraphs 11-15 above constitutes incompetence, in violation of section 16221(b)(i) of the Code.

COUNT III

- 18. N.F. began treatment with Respondent on June 27, 1997. Respondent performed a dilatation and curettage on June 3, 1998. Respondent's record for that procedure does not include documentation of any vital signs, except for her pre-operative blood pressure.
- 19. N.F. became pregnant in September of 1999. Respondent performed ultrasounds on October 8, 1999, October 18, 1999, November 2, 1999, November 12, 1999, November 24, 1999, December 1, 1999, and January 12, 2000. Additionally, maternal fetal specialist William Blessed, M.D., performed ultrasounds on N.F. on October 20, 1999, and December 30, 1999. There is no medical justification in Respondent's chart for the ultrasounds Respondent performed on November 12, 1999, November 24, 1999, and January 12, 2000.
- 20. Respondent's conduct described in paragraphs 18-19 above constitutes negligence, in violation of section 16221(a) of the Code.
- 21. Respondent's conduct described in paragraphs 18-19 above constitutes incompetence, in violation of section 16221(b)(i) of the Code.
- 22. Respondent's conduct described in paragraphs 18-19 above constitutes a lack of good moral character, in violation of section 16221(b)(vi) of the Code.

COUNT IV

- 23. K.Y., a 42-year old female, presented to Respondent's office on November 22, 1999, for weight loss. She weighted 176 pounds at that time. K.Y. continued to see Respondent for that purpose until April 18, 2001. During that 16-month period, she lost only 6½ lbs, despite receiving bi-monthly supplies of Phentermine and Chromium from Respondent.
- 24. Respondent provided B₁₂ injections to K.Y. beginning November 22, 1999, and continuing throughout the rest of her care with him, even though his chart includes only one set of laboratory tests which were performed on her initial visit and did *not* reflect a vitamin B₁₂ deficiency.
- 25. Respondent's chart for K.Y. is devoid of any documentation of the diet plan that K.Y. was following, a nutrition assessment, counseling, or any other documentation of the regimen she was to follow.
- 26. Respondent's conduct described in paragraphs 23-25 above constitutes negligence, in violation of section 16221(a) of the Code.
- 27. Respondent's conduct described in paragraphs 23-25 above constitutes incompetence, in violation of section 16221(b)(i) of the Code.

COUNT V

- 28. S.K. began to treat with Respondent in June of 1989. For the period July 1996 though September 13, 2000, Respondent's chart reflects approximately 31 interactions with S.K. Of those visits, four physical examinations are documented. December 9, 1997; July 21, 1998; June 11, 1999; and July 28, 1999. Her chart otherwise includes call-ins to the pharmacy for prescriptions, including multiple antibiotics with no rationale, multiple schedule four sedatives with no rationale, multiple pain medications with no rationale, multiple migraine type medications with no rationale and multiple cardiac-type mediations with no rationale.
- 29. Respondent's conduct described in paragraph 28 above constitutes negligence, in violation of section 16221(a) of the Code.
- 30. Respondent's conduct described in paragraph 28 above constitutes incompetence, in violation of section 16221(b)(i) of the Code.

COUNT VI

- 31. C.D., a 40-year old female, presented to Respondent's office on April 30, 1997, for weight loss. She weighed 140 lbs. Respondent prescribed Chromium and Phentermine at that visit.
- 32. Although C.D. continued to treat with Respondent through March 6, 2001, it appears that her last visit for weight control was on August 2, 2000, at which time no weight was

recorded. The next time her weight was recorded was on February 21, 2001, at which time she weighed 159 lbs, a 19-pound weight gain from her initial visit.

- Respondent's chart for C.D. is devoid of any documentation of the diet plan that C.D. was following, a nutrition assessment, counseling, or any other documentation of the regimen she was to follow
- 34. Respondent's conduct described in paragraphs 31 through 33 above constitutes negligence, in violation of section 16221(a) of the Code.
- .35. Respondent's conduct described in paragraphs 31-33 above constitutes incompetence, in violation of section 16221(b)(i) of the Code.

COUNT VII

- 36. Consumer and Industry Services' Pharmacy Inspector Carol Haynes-Hall conducted an office inspection of Respondent's office on January 3, 2002. At that time, she noted that Respondent's drug control license expired on June 30, 1981. After this inspection, Respondent updated his license and now has a current drug control license. 'Additionally, Respondent's medical license was not posted in his office.
- 37. Ms. Haynes-Hall further noted the presence of approximately 200 to 300 envelopes in a cabinet to which Respondent's staff had access. These envelopes contained

misbranded medications, including the controlled substances Phentermine, Diethylpropion, and Phendimetrazone.

- 33. Inspector Haynes-Hall further noted that the above-described envelopes were not properly labeled, lacked expiration dates for the enclosed medications, and lacked any required caution statements. They also did not have proper safety closures.
- 39. The logbook maintained in Respondent's office for these medications did not include their lot number and expiration date. Respondent also failed to maintain either a perpetual or an annual inventory.
- 40. Respondent's medical assistant Chris Threet told Consumer and Industry
 Services' Investigator Danene Nunez during an interview on January 3, 2002, that she dispensed
 controlled diet substance medications to Respondent's patients when he was not present in the
 office.
- 41. Respondent's conduct described in paragraphs 36-40 above constitutes negligence, in violation of section 16221(a) of the Code.

THEREFORE, Complainant requests that this Complaint be served upon Respondent and that Respondent be offered an opportunity to show compliance with all lawful requirements for retention of the aforesaid license. If compliance is not shown, Complainant further requests that formal proceedings be commenced pursuant to the Public Health Code, rules promulgated

pursuant to it, and the Administrative Procedures Act of 1969, 1969 PA 306, as amended; MCL 24.201 et seq.

RESPONDENT IS HEREBY NOTIFIED that, pursuant to section 16231(7) of the Public Health Code, Respondent has 30 days from receipt of this Complaint to submit a written response to the allegations contained in it. The written response shall be submitted to the Bureau of Health Services, Department of Consumer & Industry Services, P.O. Box 30670, Lansing, Michigan, 48909, with a copy to the undersigned Assistant Attorney General. Further, pursuant to section 16231(8), failure to submit a written response within 30 days shall be treated as an admission of the allegations contained in the Complaint and shall result in transmittal of the Complaint directly to the Board's Disciplinary Subcommittee for imposition of an appropriate sanction.

Respectfully submitted,

Michael Cox Attorney General
