March 18, 2008- DMC Physician Receives National Recognition in Emergency Medicine: Dr. Brooks F. Bock, President of DMC Harper and Hutzel Hospitals recognized by the American College of Emergency Physicians as a "Hero of Emergency Medicine"

DETROIT – The American College of Emergency Physicians (ACEP) announced Friday, March 14, 2008 it has recognized Brooks F. Bock, MD, FACEP, president of Harper University Hospital and Hutzel Women's Hospital, as a "Hero of Emergency Medicine." The campaign which is part of ACEP's 40th anniversary, recognizes emergency physicians who have made significant contributions to emergency medicine, their communities and their patients.

"Dr. Bock is one of the best administrative physicians and his accomplishments in emergency medicine are too numerous to name. He is a leader in his field and has been for many years," said Dr. Ronald Krome, former Chief of Emergency Medicine at DMC Detroit Receiving Hospital and a past president of ACEP.

Dr. Bock, who is also a professor in the department of emergency medicine at Wayne State University, began practicing emergency medicine in 1970. In 1976, he established the emergency medicine residency program at Wayne State University/Detroit Receiving Hospital and later became professor and chair. Dr. Bock has been medical director for the City of Detroit EMS System since 1985. He served on the editorial board of the Annals of Emergency Medicine from 1985 to 1995, and has served as a delegate to the AMA House of Delegates since 2000.

Dr. Bock served as president of the American Board of Emergency Medicine (ABEM) and the American College of Emergency Physicians (ACEP). He received ACEP's highest honor, the "John G. Wiegstein Leadership Award," in 1988. In 2007 he received the Wayne State University School of Medicine's Distinguished Alumni Award, and his stellar commitment and leadership qualities have shaped emergency medicine in Michigan and throughout the nation.

"Emergency physicians are on the front lines of America's health care system, providing the essential community service of emergency care," says ACEP President Linda L. Lawrence, MD. "The dedication, passion and commitment Dr. Bock has shown embodies the vision of ACEP's founders and the ideals of our specialty."

ACEP is a national medical specialty society representing emergency medicine with more than 25,000 members. ACEP is committed to advancing emergency care through continuing education, research and public education. Headquartered in Dallas, Texas, ACEP has 53 chapters representing each state, as well as Puerto Rico and the District of Columbia.

###

DMC Harper University Hospital is one of nine hospitals operated by the Detroit Medical Center (DMC). It is the region's specialty hospital for treatment of the minor to the most complex cases in cardiology,

neurology, neurosurgery, organ transplants and bariatric surgery. The bariatric program at Harper is the first in Michigan to have been awarded disease-specific care certification by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). Physicians from across the country refer their patients to Harper University Hospital because it offers their patients Exceptional Doctors. Exceptional Care. The DMC has a combined 2,000-licensed beds and 2,600 affiliated physicians.
