### Michigan State Board of Registration In Medicine

#### ORIGINAL RECOMMENDATION

FOR ENDORSMENT OF SECONDARY AND COLLEGIATE EDUCATION FOR ADMISSION TO MEDICAL SCHOOL APPROVED BY THIS BOARD

It is required that all blank spaces should be filled in completely and accurately, and the blank returned directly to E. C. Swanson, M.D., Secretary of the Board of Registration in Medicine, 118 Stevens T. Mason Building, Lansing, Michigan.

Colleges and other institutions are recognized by the Michigan Board only upon the understanding that their records are accurately kept and can be obtained promptly.

IT IS HEREBY CERTIFIED That David Michael Priver

has had a four year high school education, or its full

equivalent, and two years of work in a college of literature, science and the arts approved by the Michigan State Board of Registration in Medicine.

That the two years of work in an acceptable college of literature, science and the arts has been a minimum 60 semester hours of collegiate work, exclusive of military and physical education, extending throughout two years of 32 weeks each, exclusive of holidays.

That the following required subjects and semester hours in those subjects have been passed: Chemistry, 12 semester hours; Physics, 8 semester hours; Biology, 8 semester hours; English Composition and Literature, 6 semester hours; Latin, French, Greek, German, Russian or Spanish, two semester sequence in college; or certification of equivalent achievement in a language proficiency examination; other non-science subjects, 12 semester hours.

That the required courses taken and passed are in accordance with the following descriptions of them listed on the reverse side of this document, and that credits for same are on file in this office subject to inspection; and if requested, complete, detailed transcript of same will be furnished the Michigan State Board of Registration in Medicine.

The required courses taken and passed must be in accordance with the following descriptions:

- (a) <u>Chemistry</u>—Twelve semester hours required, of which at least eight hours must be in general inorganic chemistry, including four semester hours of laboratory work; and four semester hours in organic chemistry, including two semester hours of laboratory work. In the interpretation of this rule, work in qualitative analysis may be counted as general inorganic chemistry.
- (b) Physics—Eight semester hours required (including laboratory work). It is urged that this course be preceded by a course in trigonometry.
- (c) <u>Biology</u>—Eight semester hours required, of which four must consist of laboratory work. This requirement may be satisfied by a course of eight semester hours in either general biology or zoology, or by courses of four semester hours each in zoology and botany, but not by botany alone.
- (d) English Composition and Literature—The usual introductory college of six semester hours, or its equivalent is required.
  - (e) Latin-Two years of high school, or one year of college must be presented.
- (f) Non-science Subjects—Of the sixty semester hours required as the measurement of two years of college work, at least eighteen including the six semester hours of English, should be in subjects, and the physical, chemical or biologic sciences.
- (g) In General—This premedical course in both quantity and quality must be such as to make it acceptable as the equivalent of the first two years of the course leading to e degree of Bachelor of Science or Bachelor of Arts in approved Colleges of Arts and Sciences.
