PERSONAL AND CONFIDENTIAL

Willie J. Parker, M.D.
535 Jack Warner Pkwy, NE
Tuscaloosa, AL 35404

Dear Dr. Parker:

The Professional Activity Committee was very appreciative of the opportunity to meet with you last week to discuss your request for privileges at DCH Regional Medical Center. Based upon your privilege request and our discussions during the meeting, we understand that you would like to provide hospital based gynecological care, to include procedures such as tubal sterilization, diagnostic and operative laparoscopy, exploratory laparotomy, and hysterectomy; however, it has been a number of years since you have done a significant number of these type of cases. We also understand that you have spoken with Dr. Dwight Hooper and other members of his group about the possibility of them providing a certain level of initial proctoring for these surgical procedures. We think that this is an outstanding idea and would ask that you share with the committee any written agreement or other proposals from Dr. Hooper and his partners.

The Professional Activity Committee is reviewing all the information that you have provided and we hope to be back with you very shortly with our recommendations concerning the level and appropriate amount of proctoring that should be undertaken as you refresh your gynecological surgery skills. We look forward to working with you in this process.

In the event that you should have any questions with regard to this matter, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "David Verzino".

David Verzino, M.D., Chairman
Professional Activity Committee
