Quality Care when you need it

We offer same day
appointments!

Whether you have
insurance or are uninsured,
we've got you covered.

High quality reproductive health care from the experts you trust.

Planned Parenthood has been serving the DC Metro area for nearly 80 years with individualized, expert, quality care. Our experienced medical staff provides patients with supportive care in all aspects of reproductive health.

We know that only you can decide what birth control method is right for you. There are so many options from the pill to an IUD, and we're here to help.

Our comprehensive services include all birth control options, same day IUDs, STD testing & treatment, pap smear, pregnancy testing, breast exam, HPV vaccine, Colposcopy, LEEP and abortion services.

Get in touch today and get the high quality care that you deserve.

Personal quality care comes first.

We understand that STD testing, birth control decisions, and reproductive health are deeply personal. We're here for you with supportive staff.
