TO REGISTER YOU WILL NEED:

Last Name: GLAZERMAN

License Number: MD019651E

Registration Code: 21417719

INFORMATION REGARDING RENEWAL OF YOUR LICENSE

Expiration Date: 12/31/08

The Pennsylvania State Board of Medicine offers you the ability to renew your license online. You will need: 1) a valid credit card (Visa, Mastercard, Discover, American Express) and 2) your Registration Code **21417719**. Go to www.myLicense.state.pa.us to renew online. Follow the instructions and you will have immediate confirmation that your renewal is being processed. If you need assistance during the online renewal process, please email st-my-license-helpdesk@state.pa.us.

DO NOT RETURN THIS FORM IF YOU RENEW ONLINE.

This is NOT a renewal application.

To request a paper renewal application, follow the directions below.

If you are unable to use the online renewal system, you will need a paper renewal application to complete your renewal. PLEASE NOTE that you will not receive a paper renewal application as in years past. This is the only license renewal notice you will receive, unless you request a paper renewal application. Board staff will not be able to take requests for paper renewal applications over the telephone due to the high volume of calls. Therefore, the following options are available to receive a paper renewal application:

- BY MAIL Complete the information below and return this form to:

PA State Board of Medicine
P.O. Box 2649
Harrisburg, PA 17105-2649

- BY WEBSITE www.dos.state.pa.us/med

We encourage you to renew by December 1, 2008 to ensure that you receive your license by the expiration date.

☐ Yes, I need a paper renewal application.

☒ I have a change of address.

NEW ADDRESS:

Land O Lakes, FL 34638

Social Security Number

☒ I will not be practicing this profession in Pennsylvania after December 31, 2008. Please place my license on inactive status. (Return this form to the address above. No fee or continuing education is required.

HISTORY

This matter comes before the hearing examiner for the State Board of Medicine (Board) on an order to show cause (OSC) filed on July 21, 2006, alleging that Larry R. Glazerman, M.D. (Respondent) is subject to disciplinary action under 903 of the Medical Care Availability and Reduction of Error (Mcare) Act, Act of March 20, 2002, P.L. 154, 40 P.S. §1303.903, as a result of failing to report to the Board within sixty days notice of a complaint in a medical professional liability action filed against him.

The Commonwealth served the OSC upon Respondent at his address via certified mail, return receipt requested on July 24, 2006. Respondent received the Order to Show Cause on July 25, 2006 as evidenced by Postal Form 3811, Article# 7000 0600 0028 9628 0125. Service of the OSC upon Respondent accorded with the requirements of § 33.31 of the General Rules of Administrative Practice and Procedure (GRAPP), 1 Pa. Code §33.31. Respondent failed to file an answer or otherwise respond to the OSC. On September 14, 2006, the Commonwealth filed a Motion to Enter Default and Deem Facts Admitted (MDFA), which was served upon Respondent at his address on file with the Board. Respondent did not respond to the MDFA.

FINDINGS OF FACT

1. Respondent holds a license to practice medicine and surgery in the Commonwealth of Pennsylvania, license no. MD-019651-E. (Board records)
2. Respondent's license with the Board is active through December 31, 2006, and may be renewed thereafter upon filing of the appropriate documentation and payment of the necessary fees. (Board records)
3. At all times pertinent to the factual allegations, Respondent held a license to practice medicine and surgery in the Commonwealth of Pennsylvania. (Board records)
4. Respondent's address is OB-GYN At Trexlertown, P.C., 6900 Hamilton Blvd., PO Box 60, Trexlertown, PA 18087. (Board records)
5. On July 21, 2006, the Commonwealth filed an Order to Show Cause setting forth allegations that the Respondent violated the Medical Care Availability and Reduction of Error Act (MCARE Act). (Exhibit 1)
6. Pursuant to the Certificate of Service attached to the Order to Show Cause, the Commonwealth served the Order to Show Cause upon the Respondent by mailing a copy via certified mail, return receipt requested to the Respondent at the following address: OB-GYN at Trexlertown, PC, 6900 Hamilton Blvd., PO Box 60, Trexlertown, PA 18087. (Exhibit 1)
7. Respondent received the Order to Show Cause on July 25, 2006 as evidenced by Postal Form 3811, Article # 7000 0600 0028 9628 0125. (Exhibit 2)
8. The OSC directed Respondent to file an Answer to the OSC within 30 days of service of the OSC. (Docket No. 1208-49-06)

9. As of the date of this Motion to Enter Default and Deem Facts Admitted, the Respondent has failed to file an Answer to the Order to Show Cause. (Docket No. 1208-49-06)

10. On September 14, 2006, the Commonwealth filed an MDFA in this matter. (Docket No. 1208-49-06)

11. Respondent did not respond to the Commonwealth's MDFA. (Docket No. 1208-49-06)

12. Respondent was served with all pleadings, orders, and notices filed of record in this matter. (Docket No. 1208-49-06)

CONCLUSIONS OF LAW

1. The Board has jurisdiction in this matter. (Findings of Fact, Nos. 1-4)
2. Respondent has been afforded reasonable notice of the charges against him and an opportunity to be heard in this proceeding, in accordance with the Administrative Agency Law, 2 Pa. C.S. §504. (Findings of Fact, No. 12)
3. Respondent violated section 903 of the Mcare Act, 40 P.S. §1303.903, as a result of failing to report to the Board within sixty days notice of a complaint in a medical professional liability action filed against him. (Findings of Fact, Nos. 4-11)
4. The Board is authorized to impose disciplinary or corrective measures or a civil penalty pursuant to section 908 of the Act, 40 P.S. §1303.908.

DISCUSSION

Motion for Default

The OSC was initially served on Respondent by certified mail, return receipt requested on July 24, 2006. Respondent received the certified mailing on July 25, 2006 as evidenced by Postal Form 3811, Article # 7000 0600 0028 9628 0125.

In the Notice attached to the OSC, Respondent was notified that the Commonwealth instituted formal disciplinary action against him and that failure to respond to the OSC could result in a default judgment against him. Respondent was notified that he might lose his license to practice medicine and surgery in the Commonwealth. Respondent was directed to file an answer to the allegations in the OSC within 30 days, and advised that if he did not file an answer to those allegations, disciplinary action may be taken against him without a hearing. Under a section captioned "Procedures" in the OSC, Respondent was ordered to file a written answer to the OSC within 30 days, and advised that failure to do so would result in issuance of an order imposing a penalty against his license to practice medicine and surgery.

On September 15, 2006, the Commonwealth filed a MDFA due to Respondent's failure to file an answer to the OSC within the time specified. The MDFA was sent via first class mail, postage prepaid, to Respondent's address of record with the Board. The MDFA has not been returned to the Bureau of Professional and Occupational Affairs.

As of the date of this adjudication, Respondent has filed neither an answer to the OSC nor a response to the MDFA. Respondent is therefore in default in accordance with 1 Pa. Code §35.37, which provides in pertinent part as follows:

§35.37. Answers to orders to show cause.

Any person upon whom an order to show cause has been served . . . shall, if directed so to do, respond to the same by filing within the time specified in the order an answer in writing. . . A respondent failing to file an answer within the time allowed shall be deemed in default, and relevant facts stated in the order to show cause may be deemed admitted.

Accordingly, under 1 Pa. Code §35.37, the Commonwealth's MDFA is granted and the allegations in the OSC are deemed admitted.

Violation

This action is brought under sections 903 and 908 of the Mcare Act, 40 P.S. §§ 1303.903 and 908, which provide in pertinent:

§ 1303.903 Reporting

A physician shall report to the State Board of Medicine...within 60 days of the occurrence of any of the following:

(1) Notice of a complaint in a medical professional liability action against the physician. The physician shall provide the docket number of the case, where the case is filed and a description of the allegations in the complaint.

* * *

§ 1303.908 Licensure board – imposed civil penalty

In addition to any other civil remedy or criminal penalty provided for in this act... the State Board of Medicine..., by a vote of the majority of the maximum number of the authorized membership of each board as provided by law or by a vote of the majority of the duly qualified and confirmed membership or a minimum of five members, whichever is greater, may levy a civil penalty of up to \$10,000 on any current licensee who violates any provision of this act, the Medical Practice Act of 1985...

* * *

The Commonwealth charged in its OSC that Respondent is subject to discipline as a result of failing to report to the Board within sixty days notice of a complaint in a medical professional liability action filed against him. On March 9, 2004, a Complaint was filed in a civil suit naming Respondent as a Defendant. On September 15, 2004, the Commonwealth received notification from another source that Respondent was named as a Defendant in a civil suit. On July 24, 2006, the Commonwealth notified Respondent that he was not in compliance with the reporting requirements of section 903 of the Mcare Act. Since March 9, 2004, Respondent has failed to comply with the reporting requirements of section 903 of the Mcare Act, 40 P.S. § 1303.903. There is no question that Respondent has violated section 903 of the Act; the only issue is the appropriate sanction.

Under its professional licensing statute, the Board is charged with the responsibility and authority to oversee the profession and to regulate and license professionals to protect the public health and safety. Barran v. State Board of Medicine 670 A.2d 765, 767 (Pa.Cmwlt. 1996), *appeal denied* 679 A.2d 230 (Pa. 1996). To that end, the Mcare Act requires medical doctors to report civil medical malpractice actions so that the Board, at an early stage, can determine whether a disciplinary action should follow. Self-reporting is the foundation of such a review. Respondent must be reminded of his obligation, and thus a civil penalty will be imposed.

Accordingly, based upon the above findings of fact, conclusions of law and discussion, the following order will issue.

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF STATE
STATE BOARD OF MEDICINE**

**Commonwealth of Pennsylvania,
Bureau of Professional and
Occupational Affairs**

v.

**Larry R. Glazerman, M.D.,
Respondent**

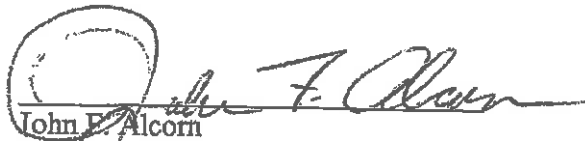

**Docket No. 1208-49-06
File No. 04-49-08589**

ORDER

NOW, this 27th day of September, 2006, upon consideration of the foregoing findings of fact, conclusions of law and discussion, the license issued to Respondent, **Larry R. Glazerman, M.D.**, license no. MD-019651-E, is assessed a civil penalty in the amount of **\$1,000.00**.

The civil penalty shall be paid by certified check or money order payable to "Commonwealth of Pennsylvania", and mailed to: Counsel, State Board of Medicine, P.O. Box 2649, Harrisburg, PA 17105-2649 in accordance with the attached notice and the Board's Order.

This order shall take effect 20 days from the date of mailing, shown below, unless otherwise ordered by the State Board of Medicine.

**John P. Alcorn
Chief Hearing Examiner**

Respondent:

Larry R. Glazerman, M.D.
OB-GYN at Trexlertown P.C.
6900 Hamilton Blvd.

Harrisburg, PA 17105-2649

Date of mailing:

September 27, 2006

(Medicine)

NOTICE

REHEARING AND/OR RECONSIDERATION BY HEARING EXAMINER

An application to the hearing examiner for rehearing or reconsideration may be filed by a party within 15 days after the mailing date of this adjudication and order. The application must be captioned "Application for Rehearing," "Application for Reconsideration," or "Application for Rehearing or Reconsideration." It must state specifically and concisely, in numbered paragraphs, the grounds relied upon in seeking rehearing or reconsideration, including any alleged error in the adjudication. If the adjudication is sought to be vacated, reversed or modified by reason of matters that have arisen since the hearing and decision, the matters relied upon by the petitioner must be set forth in the application.

APPEAL TO BOARD

An application to the State Board of Medicine for review of the hearing examiner's adjudication and order must be filed by a party within 20 days after the mailing date of this adjudication and order. The application should be captioned "Application for Review." It must state specifically and concisely, in numbered paragraphs, the grounds relied upon in seeking the Board's review of the hearing examiner's decision, including any alleged error in the adjudication. Within an application for review a party may request that the Board hear additional argument and take additional evidence.

An application to the Board to review the hearing examiner's decision may be filed irrespective of whether an application to the hearing examiner for rehearing or reconsideration is filed.

STAY OF HEARING EXAMINER'S ORDER

Neither the filing of an application for rehearing and/or reconsideration nor the filing of an application for review operates as a stay of the hearing examiner's order. To seek a stay of a hearing examiner's order, the party must file an application for stay directed to the hearing examiner. If the hearing examiner denies the stay, an application for stay directed to the Board may then be filed.

FILING AND SERVICE

An original and three copies of all applications shall be filed with Deanna S. Walton, Prothonotary, P O Box 2649, Harrisburg, Pennsylvania 17105-2649. A copy of applications must also be served on all parties.

Applications must be received for filing by the Prothonotary within the time limits specified. The date of receipt at the office of Prothonotary, and not the date of deposit in the mail, is determinative. The filing of an application for rehearing and/or reconsideration does not extend, or in any other manner affect, the time period in which an application for review may be filed.

STATUTES AND REGULATIONS

Statutes and regulations relevant to post-hearing procedures are the Medical Practice Act of 1985 at 63 P.S. §§422.1-422.45; Section 905 of the Health Care Services Malpractice Act, 40 P.S. §1301.905; and the General Rules of Administrative Practice and Procedure at 1 Pa. Code Part II, to the extent the rules are consistent with regulations promulgated by the Board or provisions of the Medical Practice Act of 1985 or the Health Care Services Malpractice Act.

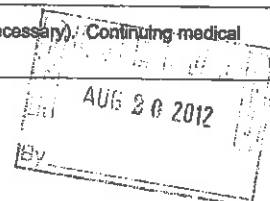

Not having an attorney will not be accepted as an excuse for failing to comply with the requirements contained in these notice provisions or relevant statutes and regulations.

(1/2012)

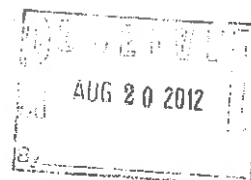

PLEASE NOTE: If this application is not completed within six months, updates of certain sections and/or supporting documents will be required.

You are hereby reminded that in order to practice in Pennsylvania, you must comply with the professional liability insurance requirements of your profession as required by law and/or regulation.

PLEASE NOTE

A reactivation/status change application for a Pennsylvania license/certification which has been inactive/expired/active-retired for four years or more will require a review by the full Board. Please note that the Board has the authority to place conditions on your return to practice in order to protect the health, safety and welfare of the public.

The Board may require applicants who have not actively practiced for four or more years and are requesting reactivation of an expired/inactive/active-retired license/certification to successfully complete a clinical skills evaluation and/or retraining program. This may delay the reactivation of your license until an approved skills evaluation and/or retraining program has been successfully completed.

(1/2012)

ACTIVE STATUS - REQUESTING ACTIVE-RETIRED STATUS

- ☐ I am retired from practice but desire to keep my license active to treat immediate family members only. I understand that I am exempt from the medical professional liability insurance and continuing education requirements.

- Complete Sections A and B.
- Return your "Active" wall and wallet licenses.
- Submit a \$5 check or money order made payable to the "Commonwealth of Pennsylvania."

ACTIVE/RETIRED STATUS - REQUESTING ACTIVE STATUS

- ☐ I wish to reinstate my license to an active status. I have completed the continuing education requirements and will hold medical professional liability insurance while practicing in Pennsylvania.

- Complete Sections A, B and C.
- Attach a current Curriculum Vitae listing all periods of employment or unemployment (i.e., child rearing, research, etc.) for at least the past 10 years. If your initial license in Pennsylvania was issued within the past 10 years, please provide activities from date of initial licensure to the present. The list must be in chronological order, including the month and year, and indicate the state/territory in which the employment occurred.
- Return your "Active-Retired" wall and wallet licenses.
- Submit copies of your continuing education certificates/documentation.
- Submit a \$5 check or money order made payable to the "Commonwealth of Pennsylvania."

ACTIVE STATUS - REQUESTING INACTIVE STATUS

- ☐ I do not wish to practice as a physician and surgeon in the Commonwealth of Pennsylvania and wish to place my license on an inactive status. I understand that to reactivate my license, I will need to meet the continuing education requirements, obtain professional liability insurance, and meet any re-entry, clinical skills assessment as required by the Board.

- Complete Sections A and B.
- Return your "Active" wall and wallet licenses.
- No fee is required.

EXPIRED/INACTIVE STATUS - REQUESTING ACTIVE STATUS

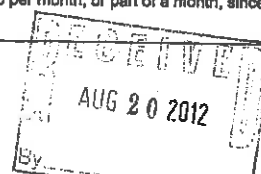

- ☒ I wish to reinstate my license to an active status. I have completed the continuing education requirements and will hold professional liability insurance.

- Complete Sections A, B and C.
- Attach a current Curriculum Vitae listing all periods of employment or unemployment (i.e., child rearing, research, etc.) for at least the past 10 years. If your initial license in Pennsylvania was issued within the past 10 years, please provide activities from date of initial licensure to the present. The list must be in chronological order, including the month and year, and indicate the state/territory in which the employment occurred.
- Submit copies of your continuing education certificates/documentation.
- Submit a \$360 check or money order made payable to the "Commonwealth of Pennsylvania."
- If practicing in Pennsylvania after the license expired, in addition to \$360, submit \$5 per month, or part of a month, since the license expired.

EXPIRED/INACTIVE STATUS - REQUESTING ACTIVE-RETIRED STATUS

- ☐ I wish to reinstate my license to an active-retired status to treat immediate family members only. I understand that I am exempt from the medical professional liability insurance and continuing education requirements.

- Complete Sections A, B and C.
- Attach a current Curriculum Vitae listing all periods of employment or unemployment (i.e., child rearing, research, etc.) for at least the past 10 years. If your initial license in Pennsylvania was issued within the past 10 years, please provide activities from date of initial licensure to the present. The list must be in chronological order, including the month and year, and indicate the state/territory in which the employment occurred.
- Submit a \$360 check or money order made payable to the "Commonwealth of Pennsylvania."
- If practicing in Pennsylvania after the license expired, in addition to \$360, submit \$5 per month, or part of a month, since the license expired.

SECTION A - LEGAL QUESTIONS

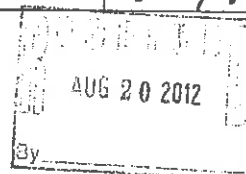

THE FOLLOWING LICENSE REACTIVATION QUESTIONS MUST BE ANSWERED. If you answer "YES" to #2 through #8, provide complete details on a separate sheet as well as certified copies of relevant documents. Sign and date below.

	Yes	No
1. Do you hold or have you ever held a license, certification or registration (active or inactive, current or expired) to practice this profession in any other state or jurisdiction? <u>If yes, list the jurisdiction(s) and profession here:</u> Florida - MD - #ME102634	X	
2. Have you withdrawn an application for a license, certificate or registration, had an application for a license denied or refused, or for any disciplinary reason agreed not to reapply for a license, certificate or registration in any profession in any state or jurisdiction?		X
3. Have you had disciplinary action taken against your license, certificate or registration issued to you in any profession in any other state or jurisdiction?		X
4. Have you been convicted, found guilty or entered a plea of nolo contendere, or received probation without verdict or accelerated rehabilitative disposition (ARD) as to any felony or misdemeanor, including any drug law violations, or do you have any criminal charges pending and unresolved in any state or jurisdiction? You are not required to disclose any ARD or other criminal matter that has been expunged by order of a court.		X
5. Have you been arrested for criminal homicide, aggravated assault, sexual offenses or drug offenses in any state, territory or country?		X
6. Have you had practice privileges denied, revoked or restricted in a hospital or other health care facility?		X
7. Have you had your DEA registration denied, revoked or restricted or have you had your provider privileges terminated for cause?		X
8. Are you, or have you ever been, addicted to the intemperate use of alcohol or to the habitual use of narcotics or other habit-forming drugs? <u>Note:</u> You may answer "NO" if you are currently a participant in or have successfully completed the requirements of the Pennsylvania Department of State Professional Health Monitoring Program.		
9. Since May 19, 2002, have you been the subject of a civil malpractice law suit(s)? If yes, please submit a copy of the entire civil complaint(s) which must include the <u>filing date</u> and the <u>date you were served</u> . CCP Lehigh County 2004-C-0634V If you previously reported the complaint(s) to the Board, provide the docket number(s)	X	

SECTION B - VERIFICATION OF INFORMATION

I verify that this form is in the original format as supplied by the Department of State and has not been altered or otherwise modified in any way. I am aware of the criminal penalties for tampering with public records or information pursuant to 18 PA C.S. 4911 and that any false statement made is subject to the penalties of 18 PA C.S. 4904 relating to unsworn falsification to authorities and may result in my license being disciplined.

To: 'Larry R. Glazerman'
Subject: RE:

I do need the MM/YYYY format on your CV for sections MOST RECENT POSITION, PREVIOUS POSITIONS, and PRACTICE HISTORY from 2002 to present as well as the state/territory in same sections and from same timeframe.

Sorry, I just realized I missed state/territory part.

Thanks!

Subject: Re:

Tina:

Do you need that just on the practice history, or on all dates? I'm not sure I know the months of all of the other things.

Thanks

Tina:

I'm attaching a revised CV including dates of practice. As you can see, I've been in practice continually from 1980 thru June 2012, when I resigned, to seek employment back in PA.

Please let me know if there's anything else you need. Thanks for your help.

Larry Glazerman, MD

Coding and Reimbursement for Office-Based Procedures, Presented at the Pre-Congress Course on Enhancing Your Practice, Global Congress of Minimally Invasive Gynecology, 37th Annual Meeting of the AAGL, Las Vegas, NV, October 2008

Course Director, Gynecologic Laparoscopy, Presented by IMET (Innovations in Medical Education and Training), Palm Beach Gardens, FL November 2008

Course Director, Emerging Trends in Office Gynecology, Presented by IMET (Innovations in Medical Education and Training), Palm Beach Gardens, FL November 2008

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Tampa FL March 2009

Course Director, Gynecologic Laparoscopy, Presented by IMET (Innovations in Medical Education and Training), Vancouver, BC, July 2009

Course Co-Director, Gynecologic Laparoscopy and Cystoscopy – A Patient Safety Focus, Presented by USF Health and Women's Care Florida, Tampa, FL, August 2009, September, 2009

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Tampa FL October 2009

Course Director, Procedural Based Gynecology – The Science and Business of Patient Care, Presented by USF College of Medicine, February 2010

Hysterectomy, Past, Present, and Future, Presented at the 34th Annual James Ingram Midwinter Symposium, Sponsored by USF Health, Clearwater Beach, FL, March 2010

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Orlando, FL, May 2010

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Orlando, FL, October 2010

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Orlando, FL, March 2011

Patient Positioning and Abdominal Entry, Presented at 13th Annual Advanced Workshop On Gynecologic Laparoscopic Anatomy & Minimally Invasive

Surgery Including TVT And TOT, Louisville, Kentucky May 2011

*Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by
USF College of Medicine, Austin, TX, October 2011*

*Energy Sources in Surgery, Presented at 36th Annual James Ingram Midwinter
Symposium, Sponsored by USF Health, Clearwater Beach, FL, March 2012*

*Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by
USF College of Medicine, CAMLS, Tampa, FL, March 2012*

Most Recent Position

Associate Professor, Director of Minimally Invasive Gynecologic Surgery, University of South Florida College of Medicine, Tampa, FL, 2010 - 2012

Co-Director, USF Center for Advanced Minimally-Invasive Pelvic Surgery (CAMPS) 2008 - 2012

Medical Director, USF Morsani Endoscopy and Surgery Center, 2008-2012

Co-Director, Gynecologic Surgery Student Curriculum, USF College of Medicine, 2009-2012

Vice-Chief, Department of Ob-Gyn, Tampa General Hospital, 2010 - 2012

Fellowship Director, Minimally Invasive Gynecologic Surgery, USF College of Medicine, 2011 - 2012

Faculty, USF International Academy of Medicine, 2012 - 2012

Previous Positions

Assistant Professor, Director of Minimally Invasive Gynecologic Surgery, University of South Florida College of Medicine, Tampa, FL, 2008 - 2010

Board of Directors, International Society for Gynecologic Endoscopy 2007 - 2010

Medical Director, IMET (Innovations in Medical Education and Training) 2006 - 2009

Clinical Assistant Professor, Department of Ob-Gyn, Penn State University School of Medicine, Hershey, PA, 1980-2008

St. Luke's Center for Advanced Gynecologic Care, 2006-2008

Ob-Gyn at Trexlertown, PC - Solo Ob-Gyn Practice 1999-2006

Valley Ob-Gyn Associates, Ltd (Formerly Park Ob-Gyn Associates, PC) - Group Ob-Gyn Practice, 1980-1999

Educational History

Muhlenberg College, Allentown PA, Bachelor of Science, *cum laude*, 1972

August 17, 2012

Jefferson Medical College, Philadelphia, PA, Doctor of Medicine, 1976

Lehigh Valley Hospital (formerly The Allentown Hospital), Allentown, PA,
Residency in Obstetrics and Gynecology, 1976-1980

DeSales University, Center Valley, PA, Masters in Business Administration,
Healthcare Concentration, 2010

Licensure

Pennsylvania - 1977 #19651E (currently inactive)

Florida – 2008 #ME102634

Certifications

Diplomat, National Board of Medical Examiners, July 1977

Certified, American Board of Obstetrics and Gynecology, December 1983,
Voluntarily recertified August 1994, December, 1996, December 2000,
December 2003, December 2005, December 2007

Certified in Laparoscopy and Hysteroscopy, Accreditation Council for Gynecologic
Endoscopy, 1995

Certified Proctor, SAGES Fundamentals of Laparoscopic Surgery, 2009

Fundamentals of Laparoscopic Surgery 2011

AIMIS Certified 2011

**Academic
Appointments**

Associate Professor, Director of Minimally Invasive Gynecologic Surgery,
University of South Florida College of Medicine 2010 – 2012

Assistant Professor, Director of Minimally Invasive Gynecologic Surgery,
University of South Florida College of Medicine 2008 - 2010

Clinical Assistant Professor, Department of Obstetrics and Gynecology,
Pennsylvania State University College of Medicine 1990-2008

Clinical Professor, Physicians Assistant Program, DeSales University 1999-2008

Clinical Faculty, Lehigh Valley Hospital Department of Obstetrics and Gynecology
(1980-2008)

Clinical Faculty, St. Luke's Hospital Department of Obstetrics and Gynecology
2000-2008

Awards

CIBA Community Service Award for Tay-Sachs Prevention Program, 1974

AMA Certificate of Merit for Exhibit: *Tay-Sachs Disease – A Model for Prevention of*

Genetic Disease 1974

Council of Resident Education in Obstetrics and Gynecology *National Faculty Award for Excellence in Resident Education*, May 2002

Educator of the Year, DeSales University Physician Assistant Program, June 2004

Preceptor of the Year, DeSales University Physician Assistant Program, June 2007

Dr. Hal Dolenga Emerging Leader Award, DeSales University and The Eastern Pennsylvania Health Executive Network, December 2007

Blue Ribbon Award for Poster: *Outcomes, Expectations, and Patient Satisfaction after Radiofrequency Endometrial Ablation*, ACOG Annual Clinical Meeting, May 2008

Town and Gown Service Award, Tampa Bay Town and Gown Society, April 2010

Other Positions

Medical Committee, Planned Parenthood of Northeastern Pennsylvania 1980-1999

Advisory Board, National Tay-Sachs and Allied Diseases Association 1974-1984

Lehigh Valley Ob-Gyn Society, Treasurer, Secretary, Vice President, President

Muhlenberg College Alumni Executive Council 1995 – 1999

Board of Directors, Medical Associates of the Lehigh Valley 1996 – 1999

Medical Executive Committee, Lehigh Valley Hospital 1997 – 1999, 2003 - 2005

PA State Representative, ObGyn.net 1998-present

Medical Advisory Board, Mednetrix.com 1998-2000

Medical Director, Women's Health, Health Center at Trexlertown 1999-2002

Ob-Gyn Content Reviewer, Medfor PatientEd, 2000-2003

Ad-hoc Reviewer, *Obstetrics and Gynecology*, 2002-present

Ad-hoc Reviewer, *International Journal of Medical Robotics and Computer Assisted Surgery* 2006-present

Ad-hoc Reviewer, *Journal of Minimally Invasive Gynecology* 2006 - present

Advisory Board, Endometriosis Zone, 2001 – present

Director, Information Services and E-Health, Department of Obstetrics and Gynecology, Lehigh Valley Hospital, Allentown, PA, 2002 – 2003

Medical Director, Innovations in Medical Education and Training (IMET), 2003 –

2009

Board of Directors, Muhlenberg College Hillel, 2004 – 2008

Board of Directors, Temple Beth El, Allentown, PA 2005 – 2007

Golden Hysteroscope Prize Committee, AAGL, Member 2005-2006, Chair 2007, Member 2008

Co-Director, Minimally Invasive Gynecology, St. Luke's Hospital and Health Network, 2006 – 2008

Abstract Review Committee, AAGL, 2007-2008, 2010, 2011

ACOG Committee on Coding and Nomenclature, May 2008 – May 2011

ACOG Simulations Consortium, Charter member, May 2008 – present

AAGL Coding Committee, 2008 – present

USFPG Medical Directors Committee, 2008 – 2012

USFPG Quality and Safety Committee, 2008 – 2012

AAGL Robotic Surgery Special interest Group, 2009 – present

USF Continuing Professional Development Committee, member 2009 – 2012, Chair 2011 – 2012

**Professional
memberships**

Fellow, American College of Obstetricians and Gynecologists

Associate Fellow, American College of Surgeons (Full Fellowship Pending)

American Institute of Minimally Invasive Surgery

Lehigh County Medical Society 1980-2008

Electronic Prenatal Records – Moving Ob into the 21st Century, *Presented at MEDNET2002 -7th World Congress on the Internet in Medicine, Amsterdam, The Netherlands, December 2002.*

LAVH – A Procedure Whose Time Has Come – And Gone, *Presented at COGI – 9th World Congress on Controversies in Obstetrics, Gynecology, and Infertility, Barcelona, Spain, March 2007*

**Invited
Presentations**

"Abnormal Uterine Bleeding – Ablation vs. Hysterectomy," *Presented to the Eastern Pennsylvania Chapter, Association of Operating Room Nurses, October 1999, Allentown, PA*

"Use of Palm-Style Computers in Medical Education," *Presented at Closing the Gaps: A Resolution for the New Millennium, 110th AAMC Annual Meeting, October 1999, Washington, DC*

"Today, Tomorrow and Beyond – Computers and the Internet in Ob-Gyn," *Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2001, Chicago, Ill.*

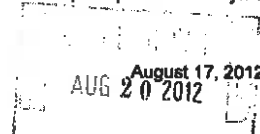

"Is she a Customer or is she a patient." *Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2001, Chicago, Ill.*

Computers and the Internet – Applying e-business principles to Ob-Gyn Practice, *Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2002, Los Angeles, CA.*

Electronic Prenatal Records – Moving Ob into the 21st Century, *Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2002, Los Angeles, CA.*

Tissue Removal Techniques – Morcellation vs. Colpotomy, *Luncheon Conference, presented at "Beyond Hysterectomy: Contemporary Management of Uterine Fibroids – An International Congress, Scottsdale, AZ, April 2003*

Computers and the Internet – Applying e-business principles to Ob-Gyn Practice,

Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2003, New Orleans, LA.

Electronic Prenatal Records – Moving Ob into the 21st Century, Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2003, New Orleans, LA.

Thinking Out of the Box – Incremental Automation of the Medical Practice, Presented at Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2003, New Orleans, LA.

Healthcare as an e-business, Presented October 2003 Lehigh University, Bethlehem, PA.

State of the Art Gynecologic Surgery; Presented at EDEN (Education in Endoscopy), Sponsored by Aesculap, Inc., Tuttlingen, Germany, April 2004, August 2004, January 2005.

ELEVEST – A New procedure for Uterine Prolapse. Presented at the Global Congress of Gynecologic Endoscopy, AAGL 33rd Annual Meeting, November 2004, San Francisco, CA.

ESSURE™ Hysteroscopic Sterilization in the Office, Presented at the Global Congress of Gynecologic Endoscopy, AAGL 33rd Annual Meeting, November 2004, San Francisco, CA.

Microwave Endometrial Ablation, Presented at the Global Congress of Gynecologic Endoscopy, AAGL 33rd Annual Meeting, November 2004, San Francisco, CA.

Microwave Endometrial Ablation, Presented at the Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2005, San Francisco, CA

Essure™ Hysteroscopic Sterilization in the Office Setting, Presented at the Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, May 2005, San Francisco, CA

Sterilization, Past Present, Future, Grand Rounds presentation, Draxel University College of Medicine Department of Ob-Gyn, September, 2005

Sterilization, Past Present, Future, Grand Rounds presentation, St. Luke's Hospital Department of Ob-Gyn, October 2005

Hysterectomy – Past, Present, and Future, Department of Ob-Gyn Grand Rounds, Main Line Health Systems, January 2006

Hysterectomy, Gynecologic Anatomy, Laparoscopic Techniques, Presented at Aesculap USA National Sales Meeting, San Diego, CA, February 2006

Transitioning to a GYN-only practice: Using Office Based Procedures to Bridge the Revenue Gap Presented at the 54th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, Washington, DC, May 2006

LAVH – A Procedure (and terminology) whose time has come (and gone)

Presented at the 54th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, Washington, DC, May 2006

Point of Care: Capturing and Analyzing Patient Information. Pre-Conference Tutorial, Presented at TEPR 2006 22nd Annual TEPR Conference and Exhibition, Baltimore MD, May 2006

Hysterectomy – Past, Present, Future. Grand Rounds, Presented at USF Health, Tampa General Hospital, October 2007

Minimally Invasive Surgery in Gynecology, Presented at Update in Minimally Invasive Surgery, Bear Creek Resort, November 2007

Office Based Procedures in Gynecology. Grand Rounds, Presented at Weill School of Medicine, Cornell University, New York, November 2007

Energy Sources in Gynecologic Surgery, Presented at Masters Course on Energy, Sponsored by Covidien Energy Based Devices, Boulder, CO February 2010

Hysterectomy – Past, Present, Future Grand Rounds, Presented at St. Joseph's Women's Hospital, Tampa, FL, August 2010

What's New in Gynecologic Office Procedures Presented at 19th SLS Annual Meeting and Endo Expo, New York, NY, September 2010

Ovarian Preservation at Hysterectomy, Grand Rounds, Presented at Tampa General Hospital, January 2011

Hysterectomy – Past, Present, Future, Grand Rounds, Presented at Detroit Medical Center, December 2011

"Spontaneous Abortion, Recurrent Abortion, Ectopic Pregnancy" presented at the Philadelphia Area Review Course, 1996, 1997.

"Evidence Based Medicine" presented at the Philadelphia Area Review Course, 2001

Laparoscopic Management of Adnexal Masses, Laparoscopic Myomectomy and Tissue Removal Techniques, Hysteroscopic Myomectomy, Abnormal Uterine Bleeding, Presented at Advanced Laparoscopic and Hysteroscopic Surgery, IMET Inc, Orlando FL, October 2001

Individualized Preceptorship for Gyn Surgeons, presented by IMET, Jefferson Medical College, June 2002.

Program Director, Individualized Preceptorship for Gyn Surgeons in Advanced Hysteroscopic and Laparoscopic Surgery, presented by IMET, San Francisco, CA, November 2002

Course Director, Individualized Hands-On Gynecologic Surgery: Diagnostic and Operative Hysteroscopy and Advanced Laparoscopy using Unembalmed Female Cadavers, Presented by IMET (Innovations in Medical Education and Training), November 2003, New Orleans, LA.

**Continuing Medical
Education
Presentations**

AUG 20 2012

August 17, 2012

Course Director, Comprehensive Gynecologic Endoscopy – Diagnostic and Operative Hysteroscopy, Laparoscopic Anatomy, and Diagnostic Cystoscopy, Presented by IMET (Innovations in Medical Education and Training), November 2003, Las Vegas, NV

Course Director, Modern Management of Abnormal Bleeding, including Hands-On Ablation Technology Comparison, Presented by IMET, September 2004, Scottsdale, Arizona

Course Director, Comprehensive Gynecologic Endoscopy – Diagnostic and Operative Hysteroscopy, Laparoscopic Anatomy, and Diagnostic Cystoscopy, Presented by IMET (Innovations in Medical Education and Training), September-October 2005, Las Vegas, Nevada

Going Beyond Traditional Gynecologic Surgery, Ethicon EndoSurgery Institute, Cincinnati OH, March 2006

Course Director, Comprehensive Gynecologic Endoscopy – Diagnostic and Operative Hysteroscopy, Laparoscopic Anatomy, and Diagnostic Cystoscopy, Presented by IMET (Innovations in Medical Education and Training), June 2006, Miami, FL

Transitioning to a GYN-only practice: Using Office Based Procedures to Bridge the Revenue Gap. Presented at the Ob-Gyn Income Symposium, Sponsored by the Grace Report, Atlanta, GA September 2006.

Course Director, Comprehensive Gynecologic Endoscopy – Diagnostic and Operative Hysteroscopy, Laparoscopic Anatomy, and Diagnostic Cystoscopy, Presented by IMET (Innovations in Medical Education and Training), October 2006, Henderson NV

Course Director, State of the Art Gynecologic Laparoscopy, Presented by IMET (Innovations in Medical Education and Training), March 2007, Philadelphia, PA

Course Director, State of the Art Gynecologic Laparoscopy, Presented by IMET (Innovations in Medical Education and Training), April 2007, Palm Beach Gardens, FL

Course Director, Current Management of Abnormal Uterine Bleeding, Hysteroscopy and Sterilization, Presented by IMET (Innovations in Medical Education and Training), August 2007, Atlantic City, NJ

Surgery for Chronic Pelvic Pain, Contemporary Management of Chronic Pelvic Pain. Presented by IMET (Innovations in Medical Education and Training), November 2007, Paradise Island, Bahamas.

What's New in Minimally Invasive Gynecology, Presented at the 32nd Annual James Ingram Midwinter Symposium Presented by the University of South Florida, Clearwater Beach, FL, March 2008

HPV, Epidemiology and Prevention, Presented at the 32nd Annual James Ingram Midwinter Symposium Presented by the University of South Florida, Clearwater Beach, FL, March 2008

Office Hysteroscopy, Clinical and Financial Aspects, Presented at the Pre-Congress Course on Enhancing Your Practice, Global Congress of Minimally Invasive Gynecology, 37th Annual Meeting of the AAGL, Las Vegas, NV, October 2008

Coding and Reimbursement for Office-Based Procedures, Presented at the Pre-Congress Course on Enhancing Your Practice, Global Congress of Minimally Invasive Gynecology, 37th Annual Meeting of the AAGL, Las Vegas, NV, October 2008

Course Director, Gynecologic Laparoscopy, Presented by IMET (Innovations in Medical Education and Training), Palm Beach Gardens, FL November 2008

Course Director, Emerging Trends in Office Gynecology, Presented by IMET (Innovations in Medical Education and Training), Palm Beach Gardens, FL November 2008

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Tampa FL March 2009

Course Director, Gynecologic Laparoscopy, Presented by IMET (Innovations in Medical Education and Training), Vancouver, BC, July 2009

Course Co-Director, Gynecologic Laparoscopy and Cystoscopy – A Patient Safety Focus, Presented by USF Health and Women's Care Florida, Tampa, FL, August 2009. September, 2009

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Tampa FL October 2009

Course Director, Procedural Based Gynecology – The Science and Business of Patient Care, Presented by USF College of Medicine, February 2010

Hysterectomy, Past, Present, and Future, Presented at the 34th Annual James Ingram Midwinter Symposium, Sponsored by USF Health, Clearwater Beach, FL, March 2010

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Orlando, FL, May 2010

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Orlando, FL, October 2010

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Orlando, FL, March 2011

Patient Positioning and Abdominal Entry, Presented at 13th Annual Advanced Workshop On Gynecologic Laparoscopic Anatomy & Minimally Invasive Surgery Including TVT And TOT, Louisville, Kentucky May 2011

Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by USF College of Medicine, Austin, TX, October 2011

Energy Sources in Surgery, Presented at 36th Annual James Ingram Midwinter

Symposium, Sponsored by USF Health, Clearwater Beach, FL, March 2012

*Course Co-Director, Advanced Gynecologic Laparoscopic Surgery, Presented by
USF College of Medicine, CAMLS, Tampa, FL, March 2012*

IN THE CIRCUIT COURT OF THE THIRTEENTH JUDICIAL CIRCUIT
IN AND FOR HILLSBOROUGH COUNTY, FLORIDA
CIVIL DIVISION

LISA-MARIA CARTER

Plaintiff,

vs.

Case No.
Division

LARRY ROY GLAZERMAN, M.D.;
FLORIDA HEALTH SCIENCES CENTER,
INC. d/b/a TAMPA GENERAL HOSPITAL
and the BOARD OF TRUSTEES OF THE
UNIVERSITY OF SOUTH FLORIDA d/b/a
UNIVERSITY OF SOUTH FLORIDA HEALTH
d/b/a UNIVERSITY OF SOUTH FLORIDA
COLLEGE OF MEDICINE,

Defendants.

THE STATE OF FLORIDA

YOU ARE HEREBY COMMANDED to serve this Summons and a copy of the Complaint, with
attached Interrogatories, Request for Production and Request for Admissions in the above styled cause on
the Defendant:

BOARD OF TRUSTEES OF THE UNIVERSITY OF SOUTH FLORIDA d/b/a
UNIVERSITY OF SOUTH FLORIDA HEALTH d/b/a UNIVERSITY OF
SOUTH FLORIDA COLLEGE OF MEDICINE,
c/o Louis LaCava, Esquire
LaCava & Jacobson, P.A.
101 East Kennedy Boulevard, Suite 2500
Tampa, Florida 33602

Each Defendant is hereby required to serve written defenses to said Complaint or petition on Plaintiff's
attorney, whose name and address is:

KENNAN G.. DANDAR, ESQ.
THOMAS J. DANDAR, ESQ.
Post Office Box 24597
Tampa, Florida 33623-4597

within twenty (20) days after service of this summons upon that Defendant, exclusive of the day of service,
and to file the original of said written defenses with the clerk of said court either before service on Plaintiff's
attorney or immediately thereafter. If a Defendant fails to do so, a default will be entered against the
defendant for the relief demanded in the complaint or petition.

WITNESS my hand and the seal of said court on June ____, 2012..

PAT FRANK
Clerk of the Court
Post Office Box 1110
Tampa, Florida 33601

IN THE CIRCUIT COURT OF THE THIRTEENTH JUDICIAL CIRCUIT
IN AND FOR HILLSBOROUGH COUNTY, FLORIDA
CIVIL DIVISION

LISA-MARIA CARTER

Plaintiff,

vs.

Case No.:

Div.:

LARRY ROY GLAZERMAN, M.D.;
FLORIDA HEALTH SCIENCES CENTER,
INC., d/b/a TAMPA GENERAL HOSPITAL;
and the BOARD OF TRUSTEES OF THE
UNIVERSITY OF SOUTH FLORIDA d/b/a
UNIVERSITY OF SOUTH FLORIDA HEALTH
d/b/a UNIVERSITY OF SOUTH FLORIDA
COLLEGE OF MEDICINE,

Defendants.

COMPLAINT FOR CATASTROPHIC INJURIES
AND DEMAND FOR JURY TRIAL

The Plaintiff, LISA-MARIA CARTER, by and through her undersigned attorneys, hereby sues the Defendants, Larry Roy Glazerman, M.D.; Florida Health Sciences Center, Inc., doing business as Tampa General Hospital; and the Board of Trustees of the University of South Florida operating the University of South Florida Health, doing business as University of South Florida College of Medicine, and alleges:

GENERAL ALLEGATIONS

1. This is an action for damages in excess of the jurisdictional threshold of this court, Fifteen Thousand and No/100 Dollars (\$15,000.00), exclusive of costs, interest and attorney fees.

THE PARTIES

2. At all times material here, Plaintiff, LISA-MARIA CARTER, was a resident of Tampa, Hillsborough County, Florida, hereinafter referred to as "CARTER."

3. At all times material herein, Defendant, Florida Health Sciences Center, Inc., was a private corporation, doing business as Tampa General Hospital, under Chapter 395, Florida Statutes, hereinafter referred to as "TGH." In this action, attending hospitalists, critical care physicians, physician ICU managers, nurse practitioners, physician assistants, and nurses were employed by TGH, under the control of TGH, and/or acting as its agents or apparent agents of TGH, due to TGH holding these medical professionals out as its employees or agents, and all acting within their scope of their respective employment or agency.

4. At all times material herein, Defendant, the Board of Trustees of the University of South Florida, operates the University of South Florida Health, doing business as University of South Florida College of Medicine, in Tampa, Florida, hereinafter referred to as "USF."

5. At all times material herein, Defendant, USF, employed Defendant, Larry Roy Glazerman, M.D. ("GLAZERMAN"), who worked as a staff physician of TGH, with his address at Tampa General Circle, at TGH, and who CARTER met inside TGH. TGH held GLAZERMAN out as its agent or employee, and CARTER accepted treatment from GLAZERMAN in reasonable belief that the treatment was being rendered on behalf of TGH, inside TGH, with all TGH staff and nurses. Prior to his employment at USF and working at TGH, GLAZERMAN had over a dozen medical malpractice claims against him,

several for negligently perforating or transecting organs, such as that which occurred to CARTER as described below.

6. At all times material herein, Defendants, USF and TGH, were operating in a joint venture, operating as Partners in providing patient care at TGH to CARTER, by cooperating and collaborating together to advance their respective and common missions; to assure TGH the assignment of USF Physicians and residents to TGH to provide services in accordance with TGH's medical staff members' usual and customary responsibilities, through joint administration of patient care; where USF has mutual control with TGH over the provision of patient care at TGH; where USF provides the majority of staff physicians at TGH, such as GLAZERMAN; where TGH and USF work together for the mutual financial benefit of each other in a joint enterprise in the provision of patient care; where TGH provides the resources of TGH facilities, instruments, nursing, hospitalists, ICU managers, support staff, and employees, while USF provides physician services, such as GLAZERMAN; and where TGH held GLAZERMAN out to CARTER as an employee or agent of TGH, all for the joint effort to enhance the status of TGH and USF and financial gain for each other. The joint venture arrangement further obligates TGH and USF to cooperate with each other in the event a claim or suit is filed against TGH and/or USF concerning patient care at TGH, such as the instant action.

7. As a result of said injuries described below, the Plaintiff has received (and in the future will continue to receive) medical and hospital care and treatment furnished by the United States of America. The Plaintiff, for the sole use and benefit of the United States of America under the provisions of 42 U.S.C. §§ 2651-2653 and/or 10 U.S.C.

\$1095, and with its express consent, asserts a claim for the reasonable value of said (past and future) care and treatment in excess of \$12 million.

8. Prior to filing this matter, Plaintiff has complied with all conditions precedent.

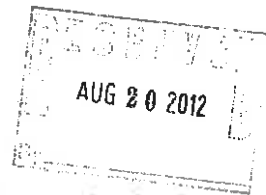

9. Defendants have denied the claim.

DAY ONE- THE EVENT

10. On November 1, 2010, CARTER appeared at TGH for same day outpatient surgery to remove an ovarian cyst so that she could be deployed as a private contractor, i.e., "Intelligence Analyst," for the Department of Defense to Iraq to serve the security interest of the United States of America, while she was just shy of earning full retirement with the federal government in her long and distinguished career. GLAZERMAN was the physician at TGH who could schedule CARTER's surgery at the earliest possible time so that she could achieve the next deployment scheduled to Iraq in two weeks.

11. GLAZERMAN represented that as the head of the department of the chosen method of surgery at TGH, laparoscopy, which he described as minimally invasive surgery with minimally adverse risks, CARTER would be discharged the same day and recover faster than traditional surgery. Based on GLAZERMAN'S position at TGH and his representation, CARTER chose him, the procedure, and outpatient services at TGH.

12. On November 1, 2010, GLAZERMAN performed the "minimally invasive procedure" by cutting a small incision through CARTER's navel, and proceeded with the procedure with facilities, instruments and nursing support staff provided by TGH.

13. During the November 1, 2010 procedure, **GLAZERMAN completely transected all the way through the small bowel of CARTER** with the instruments provided by TGH, causing flesh-eating bacteria to pour into her abdomen.

14. During the November 1, 2010 procedure, **GLAZERMAN and the TGH support staff negligently and carelessly failed to observe that the small bowel had been transected.**

15. Without an explanation to CARTER, following the outpatient surgery, **GLAZERMAN and the TGH staff decided to admit CARTER to the patient floor at TGH.**

DAY TWO

16. On November 2, 2010, at approximately 1900 hours, **CARTER's mother telephoned CARTER and noticed she was out of breath. She then immediately telephoned the TGH Nurses's station for 7C to inquire why her daughter was still in the hospital for same day surgery which occurred the day before, and why she had shortness of breath. She was then told by the attending TGH nurse that all was well and morphine was given to reduce pain, even though CARTER was allergic to morphine and had informed TGH prior to surgery that she was allergic to morphine, which causes her shortness of breath.**

17. Pursuant to disclosed TGH records:

A. On November 2, 2010, at 2115 hours, **CARTER was assisted to the restroom by her TGH attending nurse. As soon as she stood up to return to her bed, the umbilical incision from the prior November 1, 2010 laparoscopic procedure opened and "copious" amounts of serosanguineous drainage came pouring out, in such a large amount**

that the attending nurse had to grab a large bath towel to absorb the bloody discharge as she helped CARTER back to her bed.

- B. Fifteen minutes later, at or after 2130 hours, CARTER'S blood pressure was reported to have dropped to 67/48 and oxygen saturation was recorded at only 88%. The attending physician was paged and did not respond. The attending nurse then paged the TGH "Rapid Response Team," "RRT."
- C. At 2140 hours, only one of the two member RRT responded, i.e., a RN with a two year nursing degree. The RN for the on-call OB/GYN returned the prior doctor's page and placed the attending nurse on "hold." After waiting five minutes on hold, the TGH attending nurse hung-up and then returned to CARTER.
- D. At 2150 hours, the RN for the on-call OB/GYN then called the attending nurse back and told her to page the High Risk OB/GYN, which she did.
- E. At 2155, the High Risk OB/GYN returned the call.
- F. At 2205, a 1000ml IV bolus was started, but at 2210, it was found to be not connected and running on the floor.
- G. At 2250 the medical resident arrived and noted CARTER as incoherent, with blood pressure not recorded with an automatic cuff; but stat RN recording blood pressure manually at "50's/30's." Stat labs ordered; concern noted for intraperitoneal bleeding; and a CT

scan ordered for evaluation, but not done; transfer ordered to medical ICU, not surgical ICU.

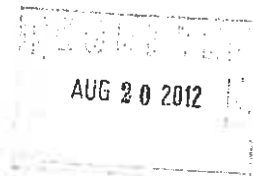

- H. At 2325, the resident considered a bedside sonogram or CT scan for possible sepsis, but neither were done.

DAY THREE

- I. On November 3, 2010, at 0045 hours, the TGH critical care physician in the medical ICU examined available radiographs and determined CARTER was in guarded condition, acute respiratory failure, possible sepsis, acute hypotension, critically ill with organ failure and severe metabolic derangements.
- J. On November 3, 2010, at 0145 hours, a renal sonogram was reportedly done. Abdominal CT scans were ordered but then canceled.
- K. On November 3, 2010, from 0145 hours, a long and unexplained delay proceeded until 1905 hours, when an attending surgeon, Hultz, appeared and decided that abdominal surgery was emergently needed due to post-op intra-abdominal catastrophe. More delay followed.

DAY FOUR

- L. On November 4, 2010, two abdominal surgeries were performed to finally surgically identify and repair the transected small bowel and

debride dead tissue. Organs and muscles had to be removed due to the presence of the flesh-eating bacteria, necrotizing fasciitis.

18. As a result of the negligent breach in the standard of care by GLAZERMAN in completely transecting the small bowel, and he and TGH staff negligently failing to realize it was transected on November, 1, 2010:

- A. necrotizing fasciitis, i.e., flesh-eating bacteria, entered CARTER's abdominal cavity and spread throughout destroying tissue, muscles and organs;
- B. which then resulted in destruction of her stomach, intestines, muscles and organs;
- C. which then caused hypotension;
- D. which necessitated the introduction of vasopressors to build up her blood pressure;
- G. which then cut off circulation to her extremities;
- H. which then ultimately caused gangrene in all four extremities;
- I. which then necessitated the amputation of most of her forearms, both hands, both legs below the knee;
- J. which also resulted in the intestines, that part not yet damaged by the flesh-eating bacteria, being removed from her abdomen and placed outside her abdomen in a skin pouch with skin taken from her legs and back.

COUNT I-TGH and USF

19. Plaintiff re-alleges ¶¶ 1 through 18 above.

20. TGH and USF, through GLAZERMAN, negligently breached the standard of care by transecting CARTER'S small bowel.

21. TGH and USF, through GLAZERMAN, residents, TGH staff physicians, TGH nurses, TGH and/or USF high risk OB/GYN, and TGH critical care doctors negligently breached the standard of care by:

- A. Failing to timely realize the small bowel had been transected;
- B. Failing to timely re-enter the abdomen when CARTER presented with signs and symptoms on November 2, 2010, such as low urine output, low blood pressure, hypoxia, supplemental oxygen, drainage of what looked like bowel contents along with compromised vital organ dysfunction in a woman with a history of a difficult laparoscopic procedure the day before. This should have prompted the team providing her care to consider an intra-abdominal catastrophe, such as bowel perforation;
- C. Failing to realize the above symptoms are most likely due to bowel perforation which will cause intra-abdominal sepsis and septic shock if left untreated for a short period of time;
- D. Failing to realize that the serosanguinous drainage was a significant sign of urgency with a likely intra-abdominal complication necessitating rapid surgical evaluation;

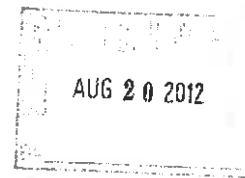

- E. Failing to promptly initiate antibiotics at the same time there was a decision to add vasopressors;
- F. Failing to take timely appropriate steps to identify the infection;
- G. Failing to properly and timely diagnose profound septic shock when all indicators are present for such diagnosis;
- H. failing to timely act within a reasonable period of time to order broad spectrum antibiotics and formally assess the abdomen, either with a CT scan or, preferably, an emergency laparotomy;
- I. Failing to consider the use of Glucocorticoids, which if used, as they were indicated for this condition, would have mitigated the need for vasopressors and limited the gangrene and resulting calamitous result of loss of both hands and both feet;
- J. Hospital nursing negligence in failing to go up the chain of command when faced with obvious signs of intra-abdominal catastrophe, with untimely emergent care, when necessary testing, medication, and surgical intervention were not timely performed in violation of the Nurse Practices Act, §§ 464.001-.027, *Fla. Stat.* Had the nurses accessed the chain of command, such conduct would likely have affected the treatment decisions of the treating physicians and have led to a different outcome for the Plaintiff.

22. The above acts and conduct of said agents, employees, personnel, nurses, physicians, surgeons, hospital staff of TGH and USF, and hospital administration of TGH were at all times within the course and scope of their agency and/or employment with TGH,

within the partnership between TGH and USF, and said acts and conduct were a deviation from the usual, ordinary and customary standards of medical care and treatment acceptable under the same or similar circumstances in the same or similar community, and were thereby negligent, careless, and in violation of the duties that they owed CARTER

23. As a direct result of the negligence of TGH and USF, Plaintiff, CARTER, suffered:

- A. an additional 11 surgeries;
- B. gangrene and then amputation of both hands and feet;
- C. scarring; disfigurement;
- D. continued placement of intestines outside her body in a skin pouch;
- E. development of a fistula requiring around the clock expensive supplies and treatment by highly skilled nursing;
- F. pain, suffering, and emotional damages;
- G. the need for highly skilled medical personnel 24 hours per day, seven days a week for the rest of her life;
- H. loss of independent living and transportation;
- I. loss of employment opportunity; diminished earning capacity; loss of the ability to earn money; loss of benefits and retirement;
- J. hospitalization; medical expenses, therapy, past and future;
- K. the continuing need for special living accommodations, and
- L. other continuing expenses which will increase in cost for the duration of her lifetime.

WHEREFORE, Plaintiff, LISA-MARIA CARTER, demands judgment in her favor and against the Defendants, FLORIDA HEALTH SCIENCES CENTER, INC., doing business as TAMPA GENERAL HOSPITAL and THE BOARD OF TRUSTEES OF THE UNIVERSITY OF SOUTH FLORIDA operating THE UNIVERSITY OF SOUTH FLORIDA HEALTH, doing business as the UNIVERSITY OF SOUTH FLORIDA COLLEGE OF MEDICINE, jointly and severally, for compensatory damages, together with prejudgment interest, costs, and other relief, and demands trial by jury. Plaintiff hereby gives notice that she will be requesting punitive damages pursuant to §768.72, *Fla. Stat.*, against TGH.

COUNT II- GLAZERMAN

24. Plaintiff re-alleges ¶¶ 1 through 18 above.

25. On November 2, and 3, 2010, during the course of his actual or apparent agency with TGH, in addition to his negligence on November 1, 2010, GLAZERMAN, acted in bad faith or in a manner exhibiting wanton and willful disregard of human rights or safety, by giving orders and writing in his operative report, knowing other TGH personnel would rely on it, that he inspected the small bowel during the November 1, 2010 surgery for perforation, when he obviously did not; and by canceling sonogram and CT scans which would have shown a transected bowel and lead to emergency repair of the bowel in a timely fashion. His conduct contributed to the delay for timely surgical intervention, in conjunction with the negligence of TGH employees and agents noted above, so that by the time surgery did take place in the early morning hours of November 4, 2010, approximately 60 hours after the first negligent surgery on November 1, 2010, it was too little too late to save the internal organs, hands, and feet of CARTER. To this day, GLAZERMAN

continues the concealment of his behavior by not correcting his operative report to state he transected the small bowel.

26. The above acts and conduct of GLAZERMAN were at all times within the course and scope of his agency with TGH, within the partnership between TGH and USF, and said acts and conduct were a deviation from the usual, ordinary and customary standards of medical care and treatment acceptable under the same or similar circumstances, in the same or similar community, and were far beyond grossly negligent, willful, or intentional, and in violation of the duties that he owed CARTER

27. As a direct result of the extremely gross negligence, bad faith, willful and intentional acts of GLAZERMAN, CARTER had a delay in needed surgery, lost opportunity to save her extremities, an additional 11 surgeries; loss of all hands and feet; scarring; disfigurement; placement of intestines outside her body, pain, suffering, and emotional damages; developed a fistula requiring expensive supplies and treatment by highly skilled nursing; the need for highly skilled medical personnel, loss of independent transportation; resulting loss of employment opportunity; diminished earning capacity; loss of the ability to earn money; loss of retirement; hospitalization; medical expenses, loss of the ability for independent living, requiring unusual and expensive care and treatment by professionals twenty-four hours per day, seven days a week; special living accommodations, and other expenses all of which will remain and continue to increase in cost for the duration of her lifetime.

WHEREFORE, Plaintiff, LISA-MARIA CARTER, demands judgment in her favor and against the Defendant, LARRY R. GLAZERMAN, M.D. together with prejudgement interest,

costs, and other relief, and demands trial by jury. Plaintiff hereby gives notice that she will be requesting **punitive damages** pursuant to §768.72, *Fla. Stat.*

CERTIFICATE OF GOOD FAITH

Pursuant to §766.104, *Fla. Stat.*, the undersigned attorney of record does hereby certify that a reasonable investigation has been conducted as to the matters alleged herein, and it has been determined that there are grounds for a good faith belief that there has been negligence in the care and treatment of the Plaintiff and that grounds exist for the filing of this action against the Defendants.

RE: DISCREPANCY NOTICE – Status Change/Reactivation Application - Physician

Dear Doctor:

The Board has received your status change/reactivation application. The items listed below are needed to complete your application. Your license cannot be changed/reactivated until all items are received, approved and the application is complete. **You may not practice in the Commonwealth of Pennsylvania as a Physician and Surgeon until your license has been reinstated by the Board.**

PLEASE NOTE:

Licenses reinstated at this time will have an expiration date of **DECEMBER 31, 2014**; therefore, the continuing education requirements will need to be met during the period of January 1, 2011 thru the present time of reactivating in order to be reinstated.

- Curriculum Vitae listing ALL periods of employment or unemployment (i.e., child rearing, research, etc.) for at least the past 10 years. If your initial license in Pennsylvania was issued within the past 10 years, please provide activities from date of initial licensure to the present. The list must be in chronological order, include the month and year, and indicate the state/territory in which the employment occurred.
 - The Curriculum Vitae submitted does not include the month or indicate the state/territory in which the employment occurred. Please resubmit your Curriculum Vitae with beginning – ending date in month/year format and listing the state/territory in which the employment occurred.
- OTHER: I cannot determine if you have actively practice within the past 4 years. The Board may require applicants who have not actively practiced for four or more years and are requesting reactivation of an expired/inactive/active-retired license to successfully complete a clinical skills evaluation and/or retraining program. Your curriculum vitae lists job titles such as Associate Professor, Assistant Professor, Clinical Assistant Professor, Clinical Professor, Clinical Faculty etc. for the past 4 years. Please provide the job duties included in these titles.

**NOTE: PLEASE RETURN A COPY OF THIS LETTER
WITH THE INFORMATION AND DOCUMENTS REQUESTED.**
