## **Benjamin Graber MD**

Benjamin Graber, of Benjamin Graber MD, FACOG VIP Gynecologic Services, is a graduate of Queens College, City University of New York. He graduated in 1970 with a BA in premedical and behavioral sciences. He then attended Texas Tech School of Medicine and completed his residency at Monmouth Medical center affiliated with Hahnemann. Our practice opened in Coral Springs, FL in 1978, and has remained here ever since.

We have been in practice as an OB/GYN for over 37 years, and we have learned that with the many advancements in medicine, many of the ailments we used to treat with major surgery can now be treated through better medication and minor procedures. We take no small amount of pride in avoiding risks that our patients don't need to take.

Dr. Graber is fully trained and board certified. We are associated with the American College of OB/GYN, and our doctor has worked as an Associate Professor at the University of Florida's College of Medicine and the University of Miami's School of Medicine. Our doctor has even been recognized by The American Board of Obstetrics and Gynecology, who presented him with an award in 1980.
