Welcome!

EXPERIENCE, EXPERIENCE, EXPERIENCE

Our American Board certified medical doctors have over 40 years of individual experience in the field of Family Planning. They have used the abortion pill successfully in thousand of patients, since it was approved by the FDA.

CONFIDENTIALITY AND TRUST

We do not run an abortion clinic, we are a private gynecology office where we treat different gynecological conditions, so do not be afraid that people will find out why you are visiting us. Confidentiality is very important to us. As you know, we are pro- choice doctors who believe that women are capable to decide about their own body.

RELIABLE SERVICE, EXPERIENCE, MODERN ULTRASOUND, EMPATHETIC CARE

You can rest sure, that we are going to give you the best medical care you

deserve. In our place, we are going to perform a sonogram in every case, to make sure you are indeed pregnant and that you are within the 9 weeks upper limit for the medical abortion pill. If we find that there is not contraindication for the abortion pill, you will receive it in the office and in 36 to 48 hours later you will abort in the privacy of your own home. Our doctors and staff are going to be glad to help and guide you after you leave the office.

PAYMENT

Most of the patients will pay only 350 dollars. Sorry, we do not accept any health insurance. You will get a receipt for your payment. This amount of money will cover the pregnancy test, counseling, sonogram and all the pills that you will need to terminate your pregnancy. However, if you have RH negative blood, an additional 90 dollars will be charged for a Rhogam injection.

Proven cases of rape will have 50% discount.
