

Rochester, Minn. PP Quits Webcam Abortions!

The Planned Parenthood (PP) facility in Rochester, Minn. has quit doing RU-486 abortions, referring abortion clients to its mega-abortion facility in St. Paul instead. Since late 2010, the Rochester PP had been killing unborn children via webcam abortions in which the pregnant woman would take the abortion pill (RU-486) after a long-distance internet conversation with an abortionist (presumably sitting in the St. Paul Planned Parenthood). The highest number of babies killed at the Rochester PP was 80 in 2013. From 2010 through 2015 (the latest year for which statistics are avail-

(Front) Paula Ellefson and Steve Karlen, 40 Days for Life, lead a prayer rally outside the Rochester Planned Parenthood in September 2014

Join us for Jericho March and Good Friday Vigil

When you receive this newsletter, we will be concluding our Lenten 40 Days for Life with a seven-day Jericho March (April 3-9) around the Planned Parenthood abortion center at 671 Vandalia St. in St. Paul. Please join us on any of the remaining days at 3:00 p.m. each day!

Following the Biblical story of the march on Jericho as closely as possible, we are marching in silence once around the entire block each of the first six days. On Sunday, April 9, we will march in silence six times around and then with shofars (ram's horns) blowing on the seventh time. We will end in shouts of acclamation to God. This is especially great for families. Many parents appreciate making real this powerful Biblical story when children participate.

Kit Larson, Smokey Photo

Sounding the shofars on the last day of the 2016 Jericho March

Good Friday

Our annual all-day Solemn Good Friday Vigil is April 14 from 8:30 a.m. to 4:00 p.m. outside Planned Parenthood. Fifteen area pastors of various denominations will lead us in scripture and prayer, one each half hour. Our only sign will be a life-size cross. Come for an hour or two, for half the day or for the whole day. Shuttle buses will be provided from the remote parking at the University of St. Thomas Anderson Parking Ramp. This is a powerful time of commemorating the passion and death of our Lord Jesus as we remember the thousands upon thousands of defenseless babies killed each year inside the mega-Planned Parenthood. Please use the shuttle buses we provide. For more information, go to: plam.org/events or call 651-771-1500.

From the Executive Director, Brian Gibson . . .

We Were Outnumbered

On February 11 Pro-Life Action Ministries organized one of the more than 220 “Defund Planned Parenthood” rallies taking place throughout the country that day. We have a track record of having among the largest crowds at these nationally called for protests going back to the “Rallies for Religious Freedom” in 2012. A prime example was the more than 4,500 in attendance on August 22, 2015 after the undercover videos exposed the scandal of Planned Parenthood (PP) selling aborted babies’ body parts.

On February 11, though, we were seriously outnumbered and there is much to learn from this experience. Before I get to those lessons, let me give you very clear information regarding our rally and the counter-protest.

First, the numbers. Whatever you may have heard or seen reported in the news media, the actual numbers were 450 of us to the PP supporters of about 2,500 to 3,000. Our numbers were among the largest in the nation, their numbers definitely were the largest in the nation.

Second, we were safe. The St. Paul Police Department (SPPD) did an excellent job of keeping order and peace. The two rallies were kept separate by a six-foot zone created by barricades and closely monitored by the SPPD. We never had or felt a concern for safety at any time prior to, during or after the rally.

Here is a link to videos of our speakers at the #DefundPP Rally: www.youtube.com/playlist?list=PLQFzvtivl8m4gm61PY3LmHPeJ0kVvlk53

What happened? Our numbers were reduced because of a warning I believe needed to be made. In the week prior to the competing rallies, we learned that energy from the Minnesota “Women’s March” (about 60,000 participants) a few weeks earlier was driving a large counter-protest of our rally. Knowing that some of those who would be counter-protesting would be vulgar, profane and obscene, I felt it my duty to warn parents of small children. And since most attendees of our events are

Thousands of Planned Parenthood supporters crowd into the street.

families, this warning may have more than cut in half our numbers (there were almost no children present at our rally).

Even had there been our original expected 1,000 to 1,200, we would still have been outnumbered. And this is where the lessons begin.

Lesson 1: We are not engaging in a numbers game. We are engaging in peaceful and prayerful efforts to save as many defenseless babies from being killed by abortion as possible until the day our Christian witness brings an end to abortion. By virtue of this, “...our struggle is not with flesh and blood but with the principalities, with the powers, with the world rulers of this present darkness,

Pro-Life Action Ministries is an interdenominational Christian organization dedicated to publicly defending the sanctity of human life, and saving lives from abortion, infanticide and euthanasia now through peaceful direct-action and educational projects. It was founded in 1981 by Michael Gaworski, fbp, and Paul O'Donnell, fbp.

Sidewalk Counselors Needed!

Florida Supreme Court Rules in Favor of Kissimmee PP

*by Michele Herzog,
Central Florida Branch Manager*

Without surprise, the extremely liberal Florida Supreme Court on February 23 overturned two lower-court decisions which had temporarily blocked surgical abortions and sonograms from taking place, due to covenant restrictions in the medical complex Planned Parenthood Kissimmee had moved their mega killing center into, in 2014.

The high court stated that the trial judge had misstated facts and sent the case back to the lower courts for further

**Yet Another Lie
from PP’s CEO**

You would think that after Cecile Richards, CEO of the Planned Parenthood Federation of America, was called out regarding the myth that her organization provides mammograms, the deception about prenatal care, and the “3%” statistic, that she would be more careful about what she says. But in a March 8 CNN interview with Anderson Cooper, she said, “We’re here to serve women, provide them all the health care they need. That includes birth control and cancer screenings and safe and legal abortion access.”

But in no way does PP provide women “all the health care they need.” In mid-February, a pro-life investigative caller contacted Planned Parenthood of Minnesota, North Dakota, South Dakota (PPMNS) to make an appointment for an annual exam. After being told that this appointment would include a pelvic exam, a breast exam and a check of vital signs, the caller said she was in her late 50s and wanted an exam that includes blood work, etc., (a *real* annual exam).

The PP employee told her they don’t do “primary care,” they do “sexual, reproductive” health care. Then she gave her a phone number for United Way to obtain a referral for a clinic that does primary care. So much for “all the health care” a woman needs being provided by Planned Parenthood!

litigation.

Interestingly, PP had scoffed at the lower-court decision and only for a short time did they halt surgical abortions. They started committing them again within a matter of months. They never did stop offering chemical abortions; those always continued.

When plans were found out that PP was planning to move their mega-center into Kissimmee, large crowds of Christians turned out in great opposition

to America's largest abortion provider moving into their area. City Commission meetings were packed out, with many doctors, nurses, businessmen and women, and citizens voicing their concerns and utter disdain at the thought of an abortion center coming into Kissimmee.

Unfortunately, these crowds have dwindled off, and with the news of the original lower-court decisions earlier, Christians somehow thought that ALL

(continued on next page 4)

**First Annual Ash Wednesday
Prayer Vigil in Duluth**

We were pleased with the outcome of our first Ash Wednesday gathering outside the Duluth abortion center (the Building for Women) for prayer and repentance. Approximately 25 people participated and 4 pastors gave a short message and led us in prayer. It was very deep and meaningful; the messages all complimented each other with the theme of repentance and responsibility of the church and being a voice for the unborn.

*—Sarah Winandy
Assistant, Duluth Branch*

CEO of Minnesota PP Second Highest Paid in Nation

The CEO of Planned Parenthood of Minnesota, North Dakota, South Dakota (PPMNS), Sarah Stoesz, was compensated \$488,069 in 2014, making her the second highest paid PP affiliate CEO in the country (the CEO of the Pacific Southwest affiliate made \$500,972). This is from a new report by American Life League's STOPP International (**2017 PP CEO Report, www.stopp.org**). Stoesz's salary has steadily increased over the past few years, so one can assume that she makes even more now from an affiliate that kills about 5500 unborn children a year in its abortion mills in St. Paul and Sioux Falls, SD. Interestingly, in contrast to Stoesz's high-ranking salary, the income of the Minnesota affiliate was

20th in the country at \$18,888,507.

The average income of a CEO at one of PP's 56 affiliates is \$237,999, according to STOPP's report. This puts the average PP CEO in the top five percent of all workers in the U.S. Cecile Richards, CEO of the Planned Parenthood Federation of America (PPFA), made \$957,952 in 2015.

Brian Gibson, Executive Director of Pro-Life Action Ministries, commented, "I believe that these outrageously large salaries lend further credence to the fact that Planned Parenthood is not about providing services for the poor, but indeed are all about making a killing off the poor."

Norma McCorvey of *Roe v Wade* Passes Away

Pro-life activist Norma McCorvey, 69, died February 18 at her assisted-living facility in Texas. She was known as "Jane Roe" in the U.S. Supreme Court's 1973 *Roe v. Wade* decision legalizing abortion.

Pro-abortion advocates used Norma to advance their efforts to legalize abortion in the early 1970s. She never had an abortion (her daughter was born and placed for adoption), but she became an icon in the national abortion debate and worked at an abortion mill in Dallas. While there, she was befriended by local pro-lifers and eventually underwent a conversion to Christ and the pro-life cause in the mid-

1990s. She then became an outspoken advocate for protecting the lives of mothers and their unborn children, speaking at pro-life events across the country, including the 1998 Pro-Life Action Ministries banquet.

National pro-abortion organizations were silent upon Norma's death. Apparently, her conversion was an embarrassment to them.

Florida

The CEO of Planned Parenthood of Southwest and Central Florida (which has abortion mills in many cities, including Orlando and Kissimmee) is Barbara Zdravceky whose compensation was \$224,910.

Considering that the St. Paul Planned Parenthood is open about 2500 hours a year and about 5000 babies are killed there annually, they kill two people in that building for every hour they are open.

Kissimmee PP

(from page 3)

abortions had stopped, but they never did. The killing continued on!

We are calling the body of Christ in Kissimmee and the surrounding area to come out and be the voice for the voiceless, to expose the evil that is taking place at 610 Oak Commons Place, and to try to rescue those babies who are being led to the slaughter! ***We must have a presence in front of this place of death! We are not deterred by the Florida Supreme Court decision!***

Please call (407) 230-2557 to find out how you can be involved, and become a rescuer! We want to make sure there are Christians out there every time Planned Parenthood Kissimmee is killing babies, but most importantly, we want to see this abortuary shut down. Would you join us in praying that Kissimmee would be free from the shedding of innocent blood?

Babies Saved

Thanks to your support and volunteer time, we have documented 15 babies saved so far this year. Following is one recent story. For more reports, go to our website www.plam.org and click on “Baby Saved Stories.” Check back for new stories or send an e-mail to Ann Redding and tell her that you would like some stories sent to you when they occur — ann.redding@plam.org

“It’s a Gift”

*By Sarah Winandy
Assistant, Duluth Branch*

We had been sidewalk counseling and several moms had already gone in. Another couple was coming so I walked over to them and said, “Hi, we are here to help you.” The girl took the material as I continued, “I’d like to talk to you about your baby. She has a heartbeat right now, arms, hands, legs and feet; your baby has nerves and can feel.”

The guy turned and went right in my face and told me to stop, that I was not helping anything. Jim was able to take over and talk to the girl as she walked into

the building, then asked the guy as he turned to go, “Why are you here?” Jim put his hands together and said, “If I were holding the baby right now and you could see his face what would you say?” The guy began to cry and said, “It’s a gift,”

Rochester PP Quits Abortions (from page 1)

able), 320 babies lost their lives there.

“We are encouraged that the Lord has heard our many prayers and we are thankful that no more babies will die in this facility via RU-486,” said Paula Ellefson, local pro-life leader and coordinator of 40 Days for Life in Rochester. “It is directly across the street from one of our city’s high schools and it is typically very busy with students throughout the day.”

According to the Minnesota Department of Health, the Rochester PP started doing abortions in November 2010, but this did not become public knowledge until a PP vice president, Connie Lewis, told the *Rochester Post Bulletin* in August 2011, “In recent months, we have begun providing a limited number of medicinal abortions at the Rochester clinic.” Pro-lifers in Rochester have been

and as he turned to go in, Jim said, “God will find a way for you if you trust him.”

Just a short time later they came out and told us they were going to keep the baby. Praise God! They were both smiling and very happy! We gave them hugs and got contact information and have been staying in touch. Please keep them in prayer.

sidewalk counseling and conducting rallies there ever since that article came out. Twelve 40 Days for Life Campaigns have been conducted there, along with several “Defund PP” rallies and MCCL (Minnesota Citizens Concerned for Life) events. Paula and her team of pro-life activists in Rochester will continue to pray that this PP will close down completely! And we are hopeful that fewer Rochester-area women will chose abortion with the end of abortions at this facility.

Minnesota was one of three states where webcam abortions were known to be committed. PP in Iowa pioneered webcam abortions starting in 2008 and PP in Maine started in 2016. With the end of abortions at the Rochester PP, webcam abortions are no longer being done in Minnesota.

2016 Florida Abortion Statistics

State Total -- 69,765

Orange County (Orlando) -- 6,011

Seminole County (Altamonte Springs) -- 2,563

Agency for Health Care Administration
Reported Induced Terminations of Pregnancy (ITOP) by Reason, By Weeks of Gestation
Calendar Year: 2016

Reasons	TOTAL	12 AND UNDER	13 To 24	25 AND OVER
Abortion Performed due to Emotional/Psychological Health of the Mother	77	72	5	0
Abortion Performed due to Incest	0	0	0	0
Abortion Performed due to Physical Health of Mother that is not Life Endangering	73	65	8	0
Abortion Performed due to Rape	340	333	7	0
Abortion Performed due to Serious Fetal Genetic Defect, Deformity, or Abnormality	494	119	375	0
Abortion Performed due to Social or Economic Reasons	4,471	4,103	368	0
Abortion Performed due to a Life Endangering Physical Condition	17	11	6	0
Elective Abortion	64,293	59,974	4,423	0
Florida Totals:	69,765	64,677	5,182	0

The abortion statistics the State of Florida reports annually are documented through the Agency for Healthcare Administration (ACHA). We note that there is an underreporting of numbers and also cases that are not reported.

We Were Outnumbered (from page 2)

with the evil spirits in the heavens.” (Ephesians 6:12) We must be present regardless of who has the larger turnout. This is not the first time we have been outnumbered by a profane and obscene crowd. As an example, we conducted a prayer rally in Robbinsdale about 25 years ago. Sixty of us had gathered at a nearby church to pray and then we carpooled over to the abortion mill in Robbinsdale. As we walked up the sidewalk in prayer, we realized that the entire parking lot was overflowing with abortion supporters to the point of spilling out on the sidewalk and into the street,

almost 500. This crowd was far more vile, crude and profane than what we experienced on February 11. Despite having the words of our prayers and songs perverted to blaspheme God by many in that crowd, we did what we needed. Eventually, we started outnumbering those supporting abortion and have enjoyed a long period of the nation’s largest prayer rallies and vigils.

Lesson 2: When we “win” a presidential election, our people let up, while the supporters of abortion become energized. Though they become even more

energized when they believe they are losing something, too many of us sit back and relax. Hey, we won, didn’t we? Well we haven’t won. Even with President Trump’s fast-paced moves that impact the abortion industry, the actual number of babies being killed each day in this country has not been impacted. More directly, unless we push harder than ever before, the efforts to defund Planned Parenthood have as much a chance to fail as prevail.

(continued on next page)

Pray for . . .

Kimberly Fischer

Please pray for St. Paul PP abortionist Kimberly Fischer. She is an ob-gyn in her mid-40s who also works at the Allina Health Shoreview Clinic. That office has denied that Fischer does abortions or works at Planned Parenthood (Fischer may have kept it secret from clinic employees there), but we have verified through several means that she does indeed kill unborn children at PP.

We have reached out to Fischer, asking her to please stop doing abortions for the sake of the children, their families and her own wellbeing. Please pray that she would leave the abortion business and focus on truly helping women by promoting life and healing. And pray that she would repent and come into reconciliation with Christ.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly

involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Minnesota

Carol Ball, David Baram, Kristi Borowski, Robin Bresette, Steven Brown, Thomas F. Campbell, William Cliby, Peter D’Ascoli, Norman Davies, Sean Dowdy, Kathryn Eggleston, June Fahrman, Abimbola Famuyide, Hope Frisch, Melvin Frisch, Lynn Hagedorn, Marilee Hanson, Rise Hatten, Liz Jordan, Beni Katz, Christopher Klingele, Frederick Kravitz, Mary Mahoney, Miriam McCreary, Catherine McKegney, George Miks, Judith Ney, Donna Randall, Carl Rose, Mark Tanz, Carrie Terrell, Kenneth Trofatter, Dirk Van Oppen, Wendy White, Timothy Wilson

Central Florida

Jodelle Allen, Fernando Betancourt, Ralph Bundy, Gary Dresden, Emil Felski, James Gengalbach, Kathy Hirtz, Darwin Jackson, Michael Loss, Merri Morris, Harvey Roth, James Pendergraft, Jose Raul Quintana, Christopher Saputa, Philip Waterman, Randall Whitney

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the “patch”), Depo-Provera (the “shot”), Nuva-Ring, the “morning-after pill,” implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you live in Minnesota and would like to go to a completely pro-life physician, we have a list of such doctors. Call (651) 771-1500.

Natural Family Planning

For information about the safe, effective and morally acceptable methods of Natural Family Planning (NFP), contact our office, or One More Soul at: 1-800-307-7685 or www.OMSoul.com. One More Soul has resources to help people understand how children are a great blessing from God, and how contraception is extremely harmful to women, and their marriages, and consequently to families, Church and society.

Regular Prayer Times Outside the Abortion Centers

We encourage you to join in with the following groups or start your own prayer time outside an abortion center. We *strongly* encourage prayer groups from all denominations. If you start going out and would like to have your group listed here, please contact Debra Braun at (651) 797-6364.

Outnumbered

(from page 6)

Lesson 3: This is a glimpse of things to come if we truly threaten the status quo of *Roe v. Wade*. A clear, sober assessment of how things will play out in this country needs to be made if we move toward making abortion itself illegal again. Those who profit from abortion will stir up those who believe they are losing something they deserve and their numbers will grow even more.

Lesson 4: We must be courageous! Time and time again Jesus teaches us “fear is useless,” “be not afraid,” and “take courage.” Well, this seems to be the time to learn what this means in our contemporary culture. We cannot and must not back away because they come out with large crowds. Our efforts must remain peaceful and prayerful. We must go out and proclaim the truth while offering the mercy and love of God to those who despise us. And we must defend the defenseless and speak for those who cannot speak for themselves. And what a great opportunity God has given us! The more that we encounter, the more opportunities we have to display Christian character in the face of adversity and speak with compassion to those who so seriously dislike us. All in the name of Jesus.

Last thoughts: Our prayer events these past decades have been largely attended by families with small children. And if you ever are concerned that your children will see and hear things you are not prepared to deal with or simply want to shield your children from, then please find others to watch your children and still attend yourself. There are always those in our churches and families who do not yet go out to these prayer events. Ask them to babysit, but attend yourself. And let us all pray as never before!

Editor's note -- Pro-lifers conducted "Defund PP" rallies on February 11 in central Florida (Orlando and Kissimmee) and several other cities in Minnesota, including Duluth, St. Cloud, Rochester, and Richfield. Some of these rallies also had counter-protestors.

Baby's hands 7 weeks from conception

STAND! is meant to encourage those who have never experienced praying outside an abortion facility an opportunity to do so with the help of seasoned Pro-Life Action Ministries staff and volunteers. These are ideal rallies for those who have been "regulars" at our events to bring those who are new and/or those who have only attended our larger events. These rallies include training in behavior and attitude. They are a safe place to help more and more Christians come and STAND! for life at the abortion facilities. The more we are present, the more lives that are saved. If you or someone you know is new to spending time in prayer at an abortion facility, this is for you. Come, learn and STAND! for life.

4th Saturday from 9:00 – 10:00 a.m.
See calendar at right for locations.

Calendar of Events

St. Paul

April 3 - 9 — Jericho March (see page 1)

April 14 — Good Friday Prayer Vigil, 8:30 a.m. - 4:00 p.m. (see page 1)

April 22 — Stand! New Monthly Prayer Rallies (see box at left)

All of the above events will be conducted outside

Planned Parenthood, 671 Vandalia St., St. Paul, MN 55114

May 27 — Stand! New Monthly Prayer Rallies (see box at left)
