Shaver are Pro-Life Missionaries serving in Albuquerque, NM. Commissioned by Operation Rescue to Albuquerque in 2010, they are implementing several proven strategies, in an effort to make New Mexico, "Abortion Free." They have redefined the American mission field and their Pro-Life efforts have been featured in virtually EVERY major news source in the country. Bud and Tara strive to keep Christ at the center of their efforts. [\[Read More ...\]](#)

dedicated to ending abortion and euthanasia.

Washington, DC – Fr. Frank Pavone, National Director of Priests for Life, released the following statement today from his Washington, DC office:

“Here in our nation’s Capital, as in cities from coast to coast, **healthy babies of healthy mothers are being killed** at stages where they can survive outside the womb, as our 12<sup>th</sup> undercover phone call, **released** today, reveals.

“With the collaboration of our colleagues at **Abortion Free New Mexico**, these phone calls show that someone can easily make an appointment to have an abortion late in pregnancy. This particular call resulted in an appointment for an abortion at over 26 weeks, and the clinic personnel treated it in a routine way.

“Even people who identify as pro-choice reject abortion at these late stages of pregnancy. As a Knights of Columbus/Marist poll **last year revealed**, almost six in ten Americans support the protection of babies in the womb after 20 weeks of pregnancy. This includes 56 percent of people who identify themselves as ‘pro-choice,’ and 49 percent of those who identify as Democrats.”

Tara Shaver of Abortion Free New Mexico added, “In our nation’s capital, late term abortions are being performed on viable babies through 26 weeks of

pregnancy. Washington Surgi-Clinic is performing these abortions on healthy women carrying healthy babies with no questions asked. Now is the time for Congress to act swiftly to end this scourge of late term abortion.”

This and the previous eleven undercover calls, which show abortion appointments being made even at 32 weeks of pregnancy, can be heard at [www.PriestsForLife.org/LateTermAbortion](http://www.PriestsForLife.org/LateTermAbortion). Citizens are urged to take action in two ways, first by spreading the links to these phone calls on social media, and second by contacting their US Senators and urging them to vote for the Pain Capable Unborn Child Protection Act, S. 1922, which would protect children in the womb who can feel pain, hence preventing the abortions of those who are at 20 weeks of development or more. Guidance on these action steps, and the opportunity to sign up for action alerts, is at [www.StopAbortionNow.org](http://www.StopAbortionNow.org).
