**Notice:** On January 22, 2018, eLicense Ohio began using the Ohio Business Portal (OH|ID) for overall account management. OH|ID serves as the front end to several State systems accessed by users who conduct business with the State. It allows users who conduct business with one or more State systems to maintain one username and password at an enterprise (statewide) level. Leveraging OH|ID is a step forward in providing users with a more streamlined, secure, and personalized interaction when doing business online with State of Ohio agencies and services.

**Maintenance Notices:**
