INTERVIEW OTHER ENTITY:

NARRATIVE:

On 1-27-2018 at 6:39pm I, Office [redacted], was dispatched to the address of [redacted] at the Women's Center [redacted] it for a harassment complaint.

Dispatch notes stated that the caller was the doctor at the above address and was extremely rude, swearing at the 911 call taker. When asked not to, he got belligerent and upset about someone in the lot when he was trying to leave. Later the caller was upset that he did not know the address of his office.

I arrived on scene and made contact with the caller. He was identified as [redacted]. [redacted] stated that after leaving work at the Women's [redacted] Center [redacted] in the complex at [redacted] road, he went next door to the [redacted] store located in the same complex. [redacted] stated he went into [redacted] to purchase a soda. After purchasing a soda and returning to his vehicle, [redacted] said he then attempted to leave out the east entrance of the parking lot of the complex at which time a male known to him as [redacted] jumped in front of his vehicle and blocked him from exiting the parking lot. [redacted] stated this is an occurrence that happens often and that he is always being harassed by [redacted]s and his Pro-Lifers group organization. [redacted] also stated that [redacted]s and his friends had also killed his friends and co-workers in the past. I asked [redacted] if he had any evidence that [redacted] had killed his friends and he stated no, not [redacted] specifically, but people like him in his organization.

[redacted] then stated that [redacted] and the Pro-Lifers are outside of the complex daily yelling and harassing him. [redacted] was very proud in stating that he is the first person to have somebody sentenced to federal prison with ATF for harassing doctors in his field. [redacted] said he would contact the ATF on Monday about this incident.

I asked [redacted] why he didn't just back his vehicle up and go out the west entrance knowing that the distance was so great that a person on foot would not be able to cover that amount of space in time to exit the parking lot. [redacted] stated he has a right to exit whatever parking lot he wants to and that he should be able to. He then demanded a report and said he would get a copy so he could take it to the ATF. [redacted] was persistent that he would file a federal report based off of the [redacted] Police Department report.

I then identified the security guard at the complex who witnessed the event. He was identified as [redacted] Clemons. Clemons is the security guard that works the building complex and parking lot. Clemons stated both [redacted] and the Pro-Lifers are constantly having verbal altercations about their differences in points of view. Clemons stated that on this occasion, nobody jumped in front of [redacted]'s car. Clemons said a man known to him as [redacted] briskly walked towards the exit when [redacted] was trying to leave and stood by the stop sign. He did not actually walk in front of the vehicle.

I made contact with [redacted]. He was identified by his Michigan ID. [redacted] stated he was conveniently walking eastbound along [redacted] in front of the entrance to the parking lot at the same exact time that Ruddock just [redacted]

----------------------------------------	----------------------------------------------------------------------

happened to be exiting the parking lot. [redacted] stated he utilizes his freedom of speech and stays on the public property and does not violate any laws. [redacted] stated that all [redacted]'s claims against him are false and that he videotapes of all encounters to prove his side.

Standing next to [redacted] was one of his Pro-Life members. He was identified as [redacted]. [redacted] stated he was talking to the security guard, Clemons, when [redacted] was walking by the entrance/exit. I asked [redacted] in which direction he was facing while he was talking to Clemons. [redacted] stated he was facing north with his body in a position facing the complex. [redacted] stated [redacted] was facing south towards the road while they were having their conversation. From this position, [redacted] would not be able to see the incident but Clemons would. [redacted] stated he knew [redacted] was walking eastbound. [redacted] did not see the incident but saw [redacted]'s car backing up in the parking lot from the direction of the entrance and exit to [redacted]. [redacted] stated this was odd and it caught his attention and then he looked over. [redacted] then saw [redacted] standing next to the stop sign by the entrance/exit and could also see Ruddock holding his cell phone out from inside of his car taking pictures of [redacted].

I gave all parties in this informational report my [redacted] Police Department business card with the informational report number 1839900825. I informed all parties that I would type up my report and submit it, and if they wanted to reference it for any of their records, they could contact [redacted] Police Department in the near future.

Respectfully Submitted,

Officer [redacted]
