Baystate Medical Center

Created on October 20, 2017

Our networks include a comprehensive range of doctors, hospitals, and other health care providers. When recruiting providers to participate in our network, we consider the distance our members will have to travel to get to the provider. We select providers for participation in our networks based on their proven ability to meet our credentialing criteria. We do not measure cost, quality, or member experience when selecting providers to participate in our networks.
