☑	**I have been in the active practice of the profession of medicine and surgery in some other state, a territory, the District of Columbia, or Canada for a period of one year.**

☐	**I have completed a special purposes examination.** Have your score sent directly to this office for Board approval. *See below*

*Neb. Rev. Stat. 38-2026(4) states that an applicant for a license in medicine and surgery must present proof satisfactory to the Department that he or she, within the three years immediately preceding the application for licensure, (a) has been in the active practice of the profession of medicine and surgery in some other state, a territory, the District of Columbia, or Canada for a period of one year, (b) has had at least one year of graduate medical education, (c) has completed continuing education in medicine and surgery approved by the board, (d) has completed a refresher course in medicine and surgery approved by the board, or (e) has completed the special purposes examination approved by the board.

Be advised that the Board of Medicine and Surgery **does not routinely accept continuing education or the special purposes examination alone as acceptable to meet the experience requirement in the absence of recent practice or other evidence of continued competency.**

Neb. Rev. Stat. 38-2026.01 gives the Department, with the recommendation of the Board, authority to issue a reentry license to a physician who has not actively practiced medicine for the two-year period immediately preceding the filing of an application for a license or who has not otherwise maintained continued competency during such period as determined by the Board.

Following is the website to the Statutes Relating to Medicine and Surgery where you can read the complete language regarding the reentry license.
http://dhhs.ne.gov/publichealth/Documents/Medicine%20and%20Surgery.pdf

The Board of Medicine and Surgery will review applications for a license, either initial application or reinstatement of license, which do not clearly meet the requirements for experience (continued competency) as outlined in the statutes listed above. The Board will make a recommendation to the Department to either issue the license, deny the application or offer a reentry license to the applicant. (This assumes there are no

matters whereby discipline would be appropriate.) **Please be aware, that if a reentry license is decided upon by the Board and Department, the process would be that the application be denied if the applicant does not accept the reentry license.**
