Patient Satisfaction Ratings

Patient Rating Breakdown

The Patient Satisfaction Rating is an average of all responses to the care provider related questions shown below from our nationally-recognized [Press Ganey Patient Satisfaction Survey](#). Patients that are treated in outpatient or hospital environments may receive different surveys, and the volume of responses will vary by question.

Responses are measured on a scale of 1 to 5 with 5 being the best score.

The comments are submitted by patients and reflect their views and opinions. The comments are not endorsed by and do not necessarily reflect the views of Penn Medicine.

- I cannot speak highly enough about my visit with Dr. Farey. She was one of the best physicians I have ever met--she listened, counseled, and advised beyond expectations. I am so happy to have been under her care and only wish I had found her sooner!
