After yesterday's bad political news, I was worried. But glad and inspired to be at work today providing safe, legal #Abortion care with my #1973 #RoeVWade necklace. I am proud to continue this work & will continue to fight for access to care for my patients. @prhdocs @ACOGAction

Passing the torch to my luminous young colleagues! We've fought for our entire careers on this issue, and now the time has come for women to bring about the change we want to see in the world! Supreme Court or no, we will not let the clock turn back!

Same! Brought cake in today to lighten the mood and celebrate us continuing to show up and do the work #AbortionIsHealthcare
