Physicians

Kyle Bukowski, MD

Specialty: Family Planning, Gynecology, Labor & Delivery, Obstetrics

Health Sciences Clinical Instructor of Obstetrics and Gynecology. Dr. Bukowski completed his medical degree and his obstetrics & gynecology residency at UCLA School of Medicine. His clinical interests include management of adolescent health, abnormal uterine bleeding, abnormal pap smears, pregnancy and its complications, contraception and transgender hormonal care. He has authored book chapters and presented research on reproductive health and training on gender-affirming care.

Angela Chen, MD

Specialty: Family Planning, Fibroid Treatment Program, Gynecology, Labor & Delivery, Obstetrics
Practice Location: OBGYN Women's Clinic, Westwood

Health Sciences Associate Clinical Professor of Obstetrics and Gynecology. Dr. Chen completed her medical degree, obstetrics & gynecology residency and fellowship at Boston University School of Medicine and Boston Medical Center.

**Ram Parvataneni, MD**

Specialty: Family Planning, Fibroid Treatment Program, Gynecology, Labor & Delivery, Obstetrics, Robotic / Minimally Invasive Surgery

Practice Location: OBGYN Women's Clinic, Westwood

Health Sciences Associate Clinical Professor of Obstetrics and Gynecology. Dr. Parvataneni joined UCLA after residency at Baylor College of Medicine and fellowship at UCSF. Dr Parvataneni provides comprehensive gynecologic care. His practice is mostly referral based and emphasizes empathic, personalized, patient centered care. He is a member of the UCLA fibroid treatment program, with expertise in newer, minimally invasive options for the management of fibroids including robotic assisted surgeries. He is actively involved in clinical research for fibroids and has several clinical trials evaluating newer treatment options and outcomes. Dr Parvataneni is board certified in Obstetrics and Gynecology, is a fellow of the American College of Obstetrics and Gynecology, and the recipient of many teaching and patient care awards including the UCLA Exceptional Physician award.

**Radhika Rible, MD**
