This information is derived from Board files from January 1, 1987 to the present. It does not include all the information contained in a license application.

As a service to the public and to designated agencies, the Massachusetts Board of Registration in Medicine offers an online profile of all physicians with full licenses who are licensed in the Commonwealth. This profile is updated daily and may include public information that is not otherwise contained in this certification letter. You may access this information at the Board's website:

[www.mass.gov/massmedboard](http://www.mass.gov/massmedboard)

Finally, the Board tallies closed complaints separately from disciplinary actions. If the same underlying incident gives rise to both a complaint and a disciplinary action, the Board counts this as two separate actions. In the same way, multiple disciplinary actions are tallied separately, even if they arise from a single set of circumstances.
