Join CHOICES and our Host Committee for this transformative event with Dr. Chava Kahn. **Tuesday, January 9th, 11:30am, Crosstown Concourse in Midtown Memphis.** Chava Kahn, MD is a practicing OBGYN (Obstetrician & Gynecologist). Dr. Kahn graduated from Albert

Einstein College of Medicine of Yeshiva University in 2008. She has more than 20 years of diverse experiences and specializes in comprehensive reproductive healthcare. Dr. Kahn affiliates with Johns Hopkins Bayview Medical Center, and cooperates with other doctors and specialists in many medical groups including Regents Of The University Of Michigan and Johns Hopkins University.

Dr. Kahn speaks on the religious, social, and historical relationship between Judaism, abortion, and reproductive rights. Jewish women have a strong history of participation in the civil and women's rights movements. She highlights the ways in which Judaism emphasizes the primacy of women's mental and physical health and the Rabbinic support for access to reproductive healthcare for women across the years since the 1950's. She reviews Jewish Law and philosophy related to abortion and discusses the pathways open to Jewish women in today's religious and secular worlds. Dr. Kahn presents from a variety of Jewish and secular sources to create a meaningful picture of the ways that our community can further promote access to reproductive care as a current human rights issue.
