NPI	1114280054
	10-position all-numeric identification number assigned by the NPS to uniquely identify a health care provider.
Entity Type	Individual
	Code describing the type of health care provider that is being assigned an NPI. Is Sole Proprietor	N
	Indicate whether provider is a sole proprietor. • A sole proprietor is the sole (the only) owner of a business that is not incorporated; that unincorporated business is a sole proprietorship. • In a sole proprietorship, the sole proprietor owns all of the assets of the business and is solely liable for all of the debts of the business. • There is no difference between a sole proprietorship and a sole proprietor; they are legally a single entity: an individual. • In terms of NPI assignment, a sole proprietor is an Entity type 1 (Individual) and is eligible for only one NPI (the sole proprietorship business is not eligible for its own NPI). • As an individual, a sole proprietorship cannot be a subpart and cannot have subparts. (See NPI Final Rule for information about subparts.) • A sole proprietorship may or may not have employees. • Often, the IRS assigns an EIN to a sole proprietorship in order to protect the sole proprietor's SSN from disclosure in claims or on W-2s. NPPES does not capture a sole proprietorship's EIN. • Many types of health care providers could be sole proprietorships (for example, group practices, pharmacies, home health agencies).
