HORRIBLE!

Self-verified patient of Kevin G Work - Posted on November 6th, 2015

He induced me due to diabetes. I was fully dilated and ready to push, I felt pressure nurse at Ochsner kenner told me not to push that I had to wait for Dr Work! This was at 1:30 pm! I kept asking what was going on and was told he was in traffic. He finally arrived at 3:53pm!!! I pushed once and had my son at 3:54pm! I NEVER SAW him again when I was at the hospital from Thursday-Sunday! horrible doctor! At my 6 weeks check up he told me I needed to lose weight... who says that to someone who just gave birth! STAY AWAY! At my follow up was when I found out he could no longer delivery! My baby could of died from just being in the birth canal for over 2 hours!!!!

One Star

Do not go to this clinic he is not licensed by the board to deliver babies. He will not tell you this bit of information at all he waits until you're 39+ weeks to tell you he won't be delivering your baby. His staff is full of people who don't have a clue as to what's going on I was called and told I was scheduled for an induction at Tulane lakeside only to get there and find out that wasn't the case. This doctor was not checking my cervix nor giving me ultrasounds to let me know my baby's progress for all I know this child could

be 2 1/2 pounds. Kevin Work will never again have me as a patient and if you are smart you would do the same.
