Re: TL-000285-L

Dear Doctor Wortman:

The State Board of Medicine has approved your request for a Temporary License to practice endometrial ablation surgery at Robert Packer Hospital in Sayre on December 23, 1991, 1991. We have indicated in our records that Bryan Rouse, M.D. will be the attending physician and responsible for the ultimate care of the patients.

It is the understanding of the Board that you will be covered for malpractice insurance through Medical Liability Mutual Insurance Company.

Sincerely,

(Mr.) Jack Paruso
Administrative Assistant

Telephone: [REDACTED]

December 4, 1991

TO: State Board of Medicine
Pennsylvania
Harrisburg, PA

FROM: Morris Wortman, MD

Please accept my application for temporary licensure in the State of Pennsylvania in order that I may serve as a visiting physician and supervise Dr. Rouse on December 23, 1991 for two endometrial ablation surgeries at Robert Packer Hospital in Sayre, PA.

In accordance with your application procedure and as sole proprietor of my practice, I wish to clarify the points listed under "Additional Requirement", paragraph 2.

Anticipated practice of applicant--I have been invited by Dr. Rouse to do an observation of his surgical technique for the procedure "Endometrial Ablation". Dr. Rouse wishes to begin doing this surgical procedure and the AAGL Guidelines suggest that a physician be observed by another already performing the procedure before starting.

Type of practice--I have been practicing in the Rochester area since 1980. Since 1987, I have limited my practice to gynecology only. My area of expertise includes infertility, advanced gynecologic laparoscopic surgery as well as hysteroscopic surgery. I am a member of the Hysteroscopic Study Group of the American Association of Gynecologic Laparoscopists--a group actively engaged in assessing the benefits and risks of hysteroscopic procedures. To date, I have performed in excess of 140 such procedures over a period of 38 months.

Enclosed please find a copy of medical malpractice insurance, current CV and KYS license.

Please feel free to contact my office if you require any further information.

Sincerely,

[REDACTED]

HEALTH BOARDS DIVISION

Jack Paruso
State Board of Medicine
Box 2649
Harrisburg, PA 17105

Dear Mr. Paruso:

This is simply to confirm that the Robert Packer Hospital supports the initiative of Dr. Bryan Rouse to have Dr. Morris Wortman visit our hospital and monitor the performance of two endometrial ablation procedures to be performed by Dr. Rouse.

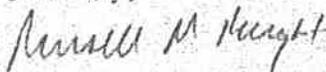

It is my understanding that Dr. Wortman will not be participating directly in the procedures, but will be observing Dr. Rouse's technique and providing supervision of Dr. Rouse as needed.

As part of the hospital's process of reviewing Dr. Rouse's request for additional privileges to include endometrial ablations, the hospital has requested that Dr. Rouse arrange for Dr. Wortman to be present in the operating room and to function as a preceptor for Dr. Rouse's first two cases.

Accordingly, the Robert Packer Hospital supports Dr. Wortman's request for temporary licensure in the Commonwealth of Pennsylvania to allow him to advise and supervise Dr. Rouse in our operating room.

Thank you very much for your attention to this request.

Sincerely,

Russell M. Knight
President
