## Board Orders

Please note that Corrective Action Orders, Corrective Action Agreements, and Consent Agreements are public records, however they are not disciplinary and are removed from this website upon completion. Copies of any public Orders or Agreements are available through a license verification request .

**There are no current or prior Board orders or agreements on file for this licensee.**

**Malpractice**

Malpractice claim information is compiled by the Oregon Medical Board from claim reports it receives from primary insurers; public bodies required to defend, save harmless and indemnify an officer, employee or agent of the public; a self-insured entity; or a health maintenance organization. Claim reporting and disclosure requirements are governed by ORS 742.400.

The settlement of a medical malpractice claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the provider. Therefore, there may be no disciplinary action appearing for a licensee, even though there is a closed malpractice claim on file. A payment in the settlement of a medical malpractice action does not create a presumption that medical malpractice occurred. This database represents information from reporters to date. Please note: Not all reporters may have submitted claim information to the Board.
