I went to planned parenthood in boca Raton worst experience ever. Place is like a homeless care facility and there is no DR. On premise ever unless "the DR. Is scheduled for a procedure " that's the answer i got from the front desk people. I asked to be scheduled with the doctor when I booked the appointment but they told me the call center book appointments and they said whatever to book the appointment. I give then 0 For customer services and will never recommend this dirty place to no one.

I saw Dr Good when he was practicing in Raynham in the late 1980s. He put his feet up on his desk with the soles of his shoes facing me. As he read my medical history, he kept repeating, "it doesn't look good. It doesn't look good." I left there and had to pull over to the side of the road because I was crying so hard.
