

Obstetrics and Gynecology Residency

Residents

UH MacDonald Women's Hospital is an integral part of the system of care at University Hospitals Cleveland Medical Center. MacDonald Women's Hospital is one of only eleven freestanding women's hospitals in the United States, and, excluding electives, our residency program is based entirely within this hospital.

In 2015, based on the proven strength of our educational program, the Residency Review Committee (RRC) allowed our residency cohort to increase to six residents per year. In addition, we have a proud history of a strong annual fellowship match and successful alumni of our program.
