they went in, I also told them that an abortion ends relationships; relationships usually don't survive after an abortion.

About 10 minutes later the man came out to put items in the car. I called out, "Sir, there's a child whose life depends on

you, you can save this life! Men protect children, that's what a man does." He did not acknowledge me, but I told him again about the free ultrasound and help across the street. Lastly, I told him that if he loved the woman in there, even if he just loved her as a friend, he would tell her not to have the abortion.

Thirty minutes later, this man walked out of the clinic with the woman. They got into their car, so I ran from the stand

down to the driveway with a brochure. The woman was driving and she rolled down her window to take the brochure. As I gave it to her, I asked if she had changed her mind. She said "Yes, I did." I smiled and said, "Congratulations on your baby!" I told her there were a lot of helpful resources in the brochure, and most of all, I pointed to the Robbinsdale

## Pray for . . .

### The Unknown Minn. Abortionists

The July 2019 abortion report from the Minnesota Department of Health lists 74 abortionists for the year 2018. By state law, these abortionists are not identified in this public report and they are listed as, for example, "Physician AN", "Physician BB", etc. The number of "unknown" Minnesota abortionists is almost as many as the number of known Minnesota abortionists (see below).

According to the state report, 39 of the 74 Minnesota abortionists killed five or fewer children in 2018, with 19 of them having killed one child during that year. Because of these statistics, we believe that many of these "unknowns" are medical students in training at abortion facilities. (We know Planned Parenthood and Whole Woman's train medical students to commit abortions.)

Please pray that all 74 of these abortionists would repent of the killing they've been involved in, whether they killed a single innocent, defenseless human being or 1139 human beings ("Physician EE"). Pray also that these medical students or physicians would turn to Christ and would use their medical skills for healing, never again killing an unborn child.

#### Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a

twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

#### Is Your Doctor Involved in Abortions?

#### Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the "patch"), Depo-Provera (the "shot"), Nuva-Ring, the "morning-after pill," implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see [www.onemoresoul.com/nfp-directory](http://www.onemoresoul.com/nfp-directory).
