NPI Data Dissemination. Special Note for Health Care Providers.

In September 2007, CMS began disclosing **NPPES health care provider data that are disclosable under the Freedom of Information Act (FOIA)** to the public. The FOIA-disclosable data for a health care provider (individual or organization) who deactivated an NPI will now be disclosed within the files. For a deactivated NPI, CMS will only disclose the deactivated NPI and the associated date of deactivation within the files.

The NPI Registry and the downloadable files will contain data from the NPPES as reported to NPPES **by you, or by someone acting on your behalf**, or by an organization provider's Authorized Official. If the downloadable file or the NPI Registry reflects information that is incorrect, health care providers should correct that information.

At any time, providers, or someone acting on their behalf, may edit their records by going to <https://nppes.cms.hhs.gov>, or by obtaining a paper NPI Application/Update Form (CMS-10114) from the NPI Enumerator or from the CMS forms page (<http://www.cms.gov/Medicare/CMS-Forms/CMS-Forms>) and mailing the completed, signed form to the NPI Enumerator. Providers who need assistance in editing their records should contact the NPI Enumerator by phone at 1-800-465-3203, by email customerservice@npienumerator.com, or by letter: NPI Enumerator, P.O. Box 6059, Fargo, ND 58108-6059.

There is no difference between a sole proprietorship and a sole proprietor; they are legally a single entity: an individual. In terms of NPI assignment, a sole proprietor is an Entity type 1 (Individual) and is eligible for only one NPI (the sole proprietorship business is not eligible for its own NPI). As an individual, a sole proprietorship cannot be a subpart and cannot have subparts. (See NPI Final Rule for information about subparts.) <p>A sole proprietorship may or may not have employees. * Often, the IRS assigns an EIN to a sole proprietorship in order to protect the sole proprietor's SSN from disclosure in claims or on W-2s. NPPES does not capture a sole proprietorship's EIN. * Many types of health care providers could be sole proprietorships (for example, group practices, pharmacies, home health agencies).</p>
