I don't think you know what the word "intersectional" means. It was coined to illustrate the multiple oppressions Black women experience at the same time. The fact that you couldn't even find a photo of the rally with a Black woman in it says all everyone needs to know.

Washington Examiner

The @March_for_Life "is actually the most intersectional large-scale protest regularly held in the U.S."

"The welcoming nature of the movement itself, and the diversity present" will shock those with a narrow view of the pro-lifers.

Hayley Farless @hayleyfarless · 22h CW: White supremacy, police, murder Yesterday a cop in my county shot a nonviolent Black man who was handcuffed AND strapped to the seat of a police car 7 TIMES. This is obviously a murder, but I'm still SHOCKED to see it being handled that way.
