

principal investigator for numerous clinical studies that contributed to the successful implementation of medical abortion in Moldova.

## **Monica Dragoman, MD, MPH**

### **Board of Managers Member**

Dr. Monica Dragoman currently serves as Medical Director of Planned Parenthood of New York City (PPNYC) which offers a full-range of sexual and reproductive health services to people across all five boroughs of New York City. Dr. Dragoman has a strong track record of promoting high quality, comprehensive reproductive health care throughout her career. She held a faculty appointment at Montefiore Medical Center in Bronx, NY as Division Director of Family Planning where she developed and directed a Kenneth J. Ryan Residency Training Program in Abortion and Contraception. As a Medical Officer in the Department of Reproductive Health and Research at the World Health Organization (WHO), she conducted clinical research and contributed substantially to the

development of new and updated guidelines promoting evidence-based abortion and contraception service delivery, including the WHO Medical Eligibility Criteria for Contraceptive Use (MEC), 5th Edition and Health Worker Roles in Providing Safe Abortion Care and Post Abortion Contraception. She continued work to increase access to medical abortion in the U.S. and around the globe as part of the team at Gynuity Health Projects . She has also served as a consultant for WHO, Gynuity Health Projects, the US Centers for Disease Control and Prevention (CDC), International Planned Parenthood Federation , and the Affiliates Risk Management System of Planned Parenthood Federation of America . She remains actively engaged in clinical care and continues to routinely train diverse cadres of clinicians. Her research and publications emphasize understanding safety and best practices for patient-centered provision of medical abortion, surgical abortion and contraception.

Dr. Dragoman is a U.S. board-certified obstetrician-gynecologist and fellow of the Society of Family Planning and the American College of Obstetricians and Gynecologists . She completed her medical degree at the Medical College of Ohio (now University of Toledo College of Medicine and Life Sciences ) and residency at the University of Texas Southwestern Medical Center . She also completed a Family Planning Fellowship at Columbia Presbyterian Hospital during which time she also received an MPH in Epidemiology at the Columbia Mailman School of Public Health .
