Name Charles C. Vincent, M.D. Address [REDACTED]

Graduated from Wayne State University date 6-12 1958 Licensed in Michigan No. 232

INFORMATION

Dear Doctor:

Answering your recent inquiry, we submit the following information regarding the issuance of a certificate to practice in California under the provisions of Section 2194 of the Business and Professions Code, with the suggestion that you carefully supply all the data required on this application blank.

National Board reciprocity applications are acted on at credential committee meeting held approximately once a week. Final action requires the affirmative vote of seven members of the Board.

The California Board in its discretion, may require its applicant to submit to an oral examination given by said board.

No TEMPORARY CERTIFICATES or SPECIAL PERMITS to practice are issued. The filing of an application does not grant applicant any special privileges, nor is any method of treating the sick or infirmed permitted in

California without the lawful possession of a certificate issued by this Board and then only after said certificate has been recorded in the county wherein such practice is conducted. See sections 2141 to 2143 of the Business and Professions Code. Applicants must not establish offices or treat or professional printed matter before a California certificate has been issued.

Application fee of \$10.00 (foreign exchange to be added) in any form other than a personal check must accompany this application and be deposited in the office of the Board, 1021 O Street, Sacramento, California, two weeks before any date shown on the accompanying data for meetings for the current year. An additional \$100.00 to be paid if certificate is issued, together with the current license fee as provided by law and the Board rules and regulations.

PARTIALLY COMPLETED APPLICATIONS NOT ACCEPTABLE

Amendment (Chapter 309, Statutes 1963) requires all preliminary, premedical and professional training to have been "resident" courses in a school approved by the Board.

THE BUSINESS AND PROFESSIONS CODE PROVIDES ADDITIONAL REQUIREMENTS THAT MUST BE COMPLETED BY GRADUATES OF FOREIGN MEDICAL SCHOOLS. APPLICANTS WHO ARE GRADUATES OF FOREIGN MEDICAL SCHOOLS SHOULD REQUEST INFORMATION REGARDING THE ADDITIONAL REQUIREMENTS PRIOR TO COMPLETING THIS APPLICATION.

Section 2104 of the Business and Professions Code. An applicant, whose application is based on a diploma certificate issued by the National Board of Medical Examiners of the United States, shall pay the fee provided by this chapter and, in addition to all other requirements provided for a physician's and surgeon's certificate, he shall file testimonials of good moral character satisfactory to the board and shall satisfy the board that the standard of the National Board of Medical Examiners on the date that the diploma certificate was issued was in no degree or particular less than that which was required for a physician's and surgeon's certificate under this chapter on the same date.

He shall also satisfy the board that the diploma certificate was procured without fraud or misrepresentation and that at no time has any certificate or license issued by any state of the United States or issued by a foreign country been revoked or annulled for unprofessional conduct.

The board may, in its discretion, with or without an oral examination, issue a certificate to an applicant who has completed with the requirements provided for a diploma certificate.

Responding to your request filed

Return This Application to Sacramento, California, and Not to San Francisco

READ CAREFULLY—ALL CONDITIONS ON THIS BLANK MUST BE COMPLIED WITH IN FULL

This application shall be accompanied by a fee of \$10.00 in any form other than a personal check and a photographic copy of diploma to be accompanied by testimonials. The fee and diploma must be filed in the office of the Board, 1021 O Street, Room 11-302, Sacramento, Calif. 95814. The filing of this application does not ensure any special privileges to open an office or to conduct any method of treating the sick or infirmed in the State of California. (See Section 2104) to 2113 of the Business and Professions Code.) All foreign documents must be translated into English over the seal and signature of the Consul of the country wherein the educational institution was located.
