About

A dedicated, highly knowledgeable, and University of Chicago-trained Obstetrician/Gynecologist with extensive clinical experience in patient care, surgical procedures, preventative health, and health delivery systems. Strong managerial and organizational skills; excels as a consultant in clinic organization, maximizing efficiencies, medical record system administration, and regulatory compliance. Enjoys planning proactively and improving systems for patients, providers, clinics, and hospitals in order to enhance the overall healthcare process.

In transition, exploring new options.

Education

University of Chicago - The Pritzker School of Medicine

Doctor of Medicine (MD)

1981 – 1989

Recommendations

A preview of what LinkedIn members have to say about Kathryn:

- “ Dr. Ponto took on the task of managing PPGNW's new Essure service from start to implementation. She extended herself beyond her usual schedule to receive training, worked with Essure reps and Planned Parenthood operations to assure an on time and high quality service start. Her skills helped with risk management, protocol development. staff training and equipment purchase and set up. Notably, she can easily pull together a team and move forward with efficiency and independence.
- “ Kathryn and I were partners practicing obstetrics and gynecology in Edmonds and Lynnwood, Washington, for fifteen years from 1984. Dr Ponto is the best. She has an excellent knowledge of gynecology, is a superb surgeon, and has great compassion for her patients. Her integrity is impeccable and so is her judgement. It was a privilege working with her. I give her the highest of recommendations. Philip D. DuBois, MD
