Patient Comments

Initially they forgot to check the baby's heart rate but after my therapy session I asked if it could be done. An amazing nurse, who was on lunch, came in and checked so I wasn't late back to work. That is above n beyond! I'm so glad I switched over to y'all.

She was warm caring and positive and I'm very excited she is my doctor for my pregnancy.

I had severe cramping after the procedure, which made getting home very difficult. I had not been informed of this nor advised to bring someone with me to drive me home. Perhaps my reaction was abnormal, but I still should have been advised more carefully.

Dr. Wyatt is so warm and welcoming. I didn't have to wait for a long period of time from the

minute I checked in. Extremely friendly staff! Highly recommend!
