Ambulance Transports Women from Madison Planned Parenthood 2 Days in a Row, according to eye witnesses

Pro-life Wisconsin is **reporting** that Last Tuesday, March 4, sidewalk counselors outside the Planned Parenthood in Madison witnessed a wounded woman being taken from the clinic to an ambulance. Her condition is unknown.

According to the group, "The very next day, another woman was again rushed from the clinic to an ambulance.

This time, a fire truck was present as well. "We witnessed a fire truck arrive, men run in with equipment, then an ambulance with more people and bags going in," a witness said. "They were in quite a while then finally brought out a girl wrapped completely and strapped to a gurney."

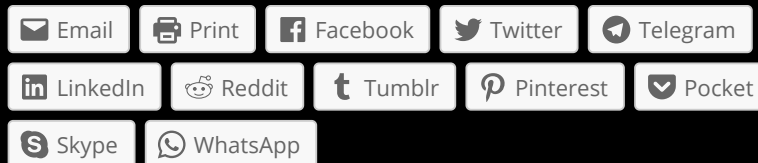

On both occasions, a Brinks truck arrived to pick up cash from Planned Parenthood shortly after the ambulances left with the wounded mothers. What a tragic irony."

Not the First Time:

In June of 2013, Pro-Life Wisconsin sidewalk counselors outside the Madison Wisconsin abortion clinic also **reported** that a woman was taken out of Planned Parenthood on a stretcher and left in an ambulance.

No surprise here...not only babies are killed but the women are at risk every day. Emotionally, they suffer for years in self-condemnation and regrets. Whynare we taxpayers aging for this abomination to continue!!!!
