About Us

The Division of Family Planning is based at [Bayview Medical Center](#). Our clinicians are committed to providing high-quality, personalized care for women. We believe that every woman should have access to a wide range of family planning options, and deserves an individualized consultation to help her make this decision.

In addition to family planning, we recognize the importance of reproductive and sexual health at all stages of a woman's life. Our faculty has expertise in treating such conditions as vaginitis, vulvar pain, and abnormal uterine bleeding. Our patients' ages range from adolescence to menopause, and we are happy to treat women with other medical conditions that affect their gynecological health.

Services We Provide:

Family Planning:

We offer a full range of options for birth control and family planning. These include:

- Hormonal contraception and non-hormonal contraceptive methods
- Contraceptive implants
- Intra-uterine devices IUDs
- Sterilization including tubal ligation and hysteroscopic sterilization
- Emergency contraception
- Pregnancy options counseling
- Management of miscarriage and unintended pregnancy
- Family planning clinic for women with complicated medical problems
- Variety of analgesic and anesthesia options for all procedures

To schedule an appointment: Call 410-550-9840

Research Studies:

We are committed to improving women's access to effective contraception. Therefore, we participate in studies of new and current contraceptive methods. Our current studies are listed below. If you are interested in learning more about these studies, please call us at 410-550-3060, or email us at whrap@jhmi.edu. Study participants generally receive study-related medical care, as well as compensation for time and travel.

- **Adolescents and Birth Control Study**
For HIV and HIV- adolescent females between the ages of 13-21. Please call 410-550-3060 with questions.

More studies are expected to begin within the next few months. Check back on this page, call 410-550-3060, or email whrap@jhmi.edu to learn about our upcoming studies.

Who We Are:

Faculty and Staff

- Anne Burke, MD, MPH, Division Director
- Michelle Fox, MD, MPH
- Roxanne Jamshidi, MD, MPH
- Colleen Krajewski, MD, MPH
- Nell Molano, CRNP
- Jennifer Robinson, MD, MPH
- Linda Rogers, CRNP
- Torri Ross, MPH, BSN, RN

Research Coordinator:

- Tanisha Osbourne-Gooden, MPH 410-550-3060
- Katrina Stouff, MPH 410-550-8506
