FIVE WOMEN INJURED IN 4 WEEKS DURING BOTCHED ABORTIONS AT HOUSTON PLANNED PARENTHOOD CLINIC

Five women have reportedly required emergency medical care after being injured during abortion procedures at a Planned Parenthood clinic in Houston within the past thirty days.

According to a [report](#) by Life News on Tuesday, the incidents happened at the Planned Parenthood Center for Choice, located at 4600 Gulf Freeway, and pro-life sidewalk counselors observed the women being transported by ambulance to nearby hospitals. Life News [described](#) four of the incidents, and the most recent one happened just days ago and was documented on a pro-life group's Facebook page.

The first two emergencies took place on January 31, and February 6, 2015, according to Life News, when sidewalk counselors from Houston Coalition for Life observed ambulances leaving the Planned Parenthood clinic.

Operation Rescue covered the second incident in more detail, posting a [report](#) on their website describing how an ambulance was “seen headed in the direction of Ben Taub Hospital,” where other women injured by abortions at this same Planned Parenthood facility were also sent, and then it “turned off lights and sirens when leaving the Planned Parenthood abortion facility on Gulf Coast and only reactivated them after turning the corner onto another street.”

The next two incidents occurred on February 25 and 26, 2015, and again, sidewalk counselors observed women transported by ambulance from the abortion clinic. Houston Coalition for Life took photographs of the ambulances and posted them on their [Facebook page](#).

“This afternoon another Ambulance was seen transporting someone from the Planned Parenthood on I45. That makes 4 in less than 30 days!” said [one post](#) dated February 26. “If you saw a ‘clinic’ with an ambulance leaving on average once a week, would you want to trust their medical practices?”

Then, on February 28, Houston Coalition for Life added a new [post](#) to their Facebook page, describing a fifth woman taken by ambulance to the hospital: “Another Ambulance carried a person out from Planned Parenthood today (February 28th) This is the 3rd one seen this calendar week and the 5th in 30 Days. We will be posting picture and more updates Monday. Please pray that anyone who is unfortunate enough to enter that place of horror also exits without being harmed – unborn baby included.”

These five women are only a small fraction of those who require emergency medical care from botched abortions. As many as a thousand women are hospitalized in Texas every year due to complications suffered during abortions, [according to](#) court records reviewed by Operation Rescue.

The 2013 Texas abortion law that made headlines when it was filibustered by former State Senator Wendy Davis, HB 2, mandated that abortion clinics meet the same requirements as ambulatory surgical

centers, and doctors who perform abortions must have admitting privileges at a nearby hospital. Planned Parenthood is challenging this law in court.

The condition of the women observed being rushed to the hospital is unknown, as is whether the abortions were completed. Operation Rescue has requested the 911 records for this Planned Parenthood facility, which is among the very little publicly available information.

“Even though this Planned Parenthood abortion clinic is licensed as an Ambulatory Surgical Center, it is evident that safety problems still exist there,” said Operation Rescue President Troy Newman. “It is imperative that the Texas Department of Health take seriously complaints about this facility and act to shut it down...It is obvious that Texas has a long way to go to fully protect women from shoddy abortion practices.”

Life News also reported that Operation Rescue “has documented at least five other medical emergencies” at this same Planned Parenthood clinic, noting that these are only what pro life activists were able to observe, and many others could have happened without their knowledge.

This is because Murder for Hire is not about safe women's care, it is just about killing babies.

Liberals have always claimed that they wanted abortion to be "Safe, Legal, and Rare".

They got "Safe",
They lied about "Rare",
And they actively fight against "Safe".

Liberals do not care in the least how many women die during abortions.

Anti-choicers fight against safe because you add so many stupid and pointless restrictions. You people care NOTHING about the pregnant woman. It is all about punishing the slut for having sex.

Be careful. It's not "pregnant", it's a disease. If it's not a disease, it would be murder.

Kevorkian was called "Doctor Death". His assistance to the terminally ill was by request and pales when compared to PP. No baby asks to be aborted.

The irony... Who would have known killing your children could be dangerous to your health.

We have known all along it was dangerous to the fetus, but now the sperm recipient too.

In every abortion, at least one of the patients dies.

How can that be safer than child birth?

2 ^ | v • Reply • Share ›

No one die in abortion and abortion is safer for the actual person

Amen! Outlawed! Not regulated! If the Christians decide our only option is to regulate how and when the innocent are killed, the average kid coming up will think it's OK if they just follow the rules written by the "conservatives".

This is the side of abortion that Planned Parenthood and Liberals don't want you to know about. Think this happens once in a awhile? Guess again. Then let's go one step further. I bet that all four women were minorities - the other side that they don't want you to know about....

DIR → ridesdressage • 5 years ago

The left only sees this as collateral damage. so no big deal. It happens ! Women who subject themselves to such risk are at best foolish.

1 ^ | v 1 • Reply • Share ›

ridesdressage → DIR • 5 years ago

Most of these Women are teenagers who have no parental guidance and are told repeatedly that it is no big deal and it is a clump of tissue. They are not told the truth. This leads these young girls to make very bad decisions that affect the remainder of their lives. We need to be able to get BOTH sides of the story to the public... Liberals will not let that happen. They are cruel and demonic people....

4 ^ | v • Reply • Share ›

dginga → ridesdressage • 5 years ago

Yep! And lefties are adamant that laws requiring full disclosure ultrasounds that might allow the pregnant woman (or girl) the opportunity to see that this "lump of tissue" is a teeny tiny baby are somehow unconstitutional and must be stopped.

it was the goal of the founder of planned parenthood to eliminate blacks, i'd say it's working...in 2012, more black babies were aborted in NYC than were born

"We should hire three or four colored ministers, preferably with social-service backgrounds, and with engaging personalities. The most successful educational approach to the Ne*ro is through a religious appeal. We don't want the word to go out that we want to exterminate the Ne*ro population, and the minister is the man who can straighten out that idea if it ever occurs to any of their more rebellious members." Abortion, slavery, and the Tail of Tears are the darkest stains in our nation's history: we have rectified 2 of the 3 (although we still need to help re-instill pride in our Native Americans).

So she loses a good job she has for a crappy minimum wage job and you

— So she loses a good job she has for a crappy minimum wage job and you think that is helping?

Also no amount of counseling will make the misery of pregnancy bearable and the pain and humiliation of child birth worth it. Also since I do not want a baby free baby supplies mean NOTHING to me.

You do not have to approve of the fact that I would have an abortion but you do have to get the F over it.

You can grieve over the ZEF and hate me. I personally hate anti-choicers so I guess we are OK...

BTW I have a job that I love that pays more than minimum wage... to lose that for a parasitic ZEF would be disgusting.

Also F you... how about you stop being bitter about how your life is and stop trying to force that onto other women.
