This Dr. is not only super professional, she's also blessed with empathy, Made me feel comfortable immediately and gave me the most efficient treatment. I've seen many Doctors since I came to NY, She is definitely the best I've met. I highly recommend her to anyone, anytime!

Totally unprofessional and extremely judgmental. She misdiagnosed me prior to any test results, told me I had poor judgment, and then ultimately had to retract her statements when she was wrong. A horrible doctor who I would not recommend to anyone.
